**CBE Compliance Comments**

This project was originally advertised on May 26, 2009 with an established 15% Community Disadvantaged Business Enterprise (CDBE) participation goal. Subsequent to the enactment of the County Business Enterprise (CBE) Act on June 23, 2009, an addendum was issued to change from CDBE to CBE requirements. As part of the transition into the new program, firms currently certified by the Broward County Small Business Development Division under the CDBE program will automatically be certified under the new CBE program until the expiration date of their original CDBE certification. Therefore, all certified firms submitted by the vendors are compliant with the program requirements.
