

Explanation of County Contracts Outcome Non-attainment

Henderson Agreement with Children's Services:		
Agreement	Indicator	Explanation
Behavioral Health Substance Abuse 08-CSAD-8263-03	72% of Client urinalyses submitted upon discharge show a reduction of substance usage and a decrease in THC levels (Poly Users).	On 9.22.09 this agreement was approved by the Board to be renewed for 3 months of FY10 to allow clients to transition to alternative services. The agreement will terminate on December 31, 2009. Provider's level of attainment through September was 60%. Lack of transportation by family led to non-compliance with testing. Provider staff now transports clients to lab for urinalysis to improve attainment.
