**Re: Fort Lauderdale-Hollywood International Airport  
FAA Environmental Impact Statement Landrum & Brown Contract  
Amendment #6**

The FAA requests that Broward County extend the contract between Broward County and Landrum & Brown (L&B) for the EIS at FLL. We request that the contract end date be amended from September 2010 to December 2011. This will allow the Consultant, L&B, to continue to support the FAA on an as-needed basis throughout the legal defense of the Record of Decision. This request is for a time extension only. However, because L&B's level of effort is not yet determined be advised that the FAA may request additional budget for L&B to complete assigned tasks in the future.

Sincerely,

A handwritten signature in cursive script that reads "Virginia Lane".

Virginia Lane, A.I.C.P.  
Environmental Specialist
