Subject: Public Library Construction Grant Applications for FY 2011
Lauderhill Central Park Branch, 11-PLC-03

Dear Mr. Cannon:

Funding is unavailable in the fiscal year 2010-2011 budget for the Public Library Construction Grant applications submitted in April 2009. According to the Public Library Construction Grant guidelines, if an application was not funded and if the project has not been placed under a contract for construction before July 1, 2010, then the application may be resubmitted for consideration by the 2011 Legislature. As an applicant, you may either update the application already on file or submit a new application for consideration.

If you do not wish to have your application considered next year, you do not need to respond. However, if you do wish to have your application considered, the first step in the process is to submit a letter of intent to the Division of Library and Information Services by August 10, 2010 (postmark date). If you fail to submit a letter by this date, your application will not be considered.

The second step in the process is to either update your current application on file or submit a new application. For either of these options, you must submit all information to the Division by September 9, 2010 (postmark date). If you fail to submit information by this date, your application will not be considered.
