3. Termination by Grantee. The Grantee may unilaterally cancel the grant at any time prior to the first payment on the grant although the Department must be notified in writing prior to cancellation. After the initial payment, the Project may be terminated, modified or amended by the Grantee only by mutual agreement of the Grantee and the Department. Request for termination prior to completion must fully detail the reasons for the action and the proposed disposition of the uncompleted work.
4. Commitments. When a grant is terminated, the Grantee will not incur new obligations for the terminated portion after the notification of the effective date of termination. The Grantee will cancel as many outstanding obligations as possible. The Department will allow full credit to the Grantee for the Department's share of the noncancelable obligations properly incurred by the Grantee prior to termination. Costs incurred after the effective date of the termination will be disallowed.
