## **Broward County Ranks First Again In Florida Arts License Plate Sales**

In the state of Florida there is a wide variety of specialty license plates to choose from. When you purchase a specialty license plate, you are not only showing your support, but you are also making a financial contribution to your favorite cause. Since 1995 when the Florida 'State of the Arts' license plate was first introduced, the arts have received more than \$6.6 million dollars. When you purchase your specialty plate in Broward, the funds are returned to the Broward Cultural Division.

Since 1995, the Broward Cultural Division has received more than \$1.3 million, and the funds were earmarked for the development of [Sailboat Bend Artist Lofts](#), an affordable artist's live/work environment in Broward. Sailboat Bend artist's lofts site includes the historic West Side School which was restored as the home of the Broward County Historical Commission. The project also incorporates community meeting space for civic groups and exhibition space for artists.

Funds collected through the sale of these specialty plates are distributed to the counties where the plates are sold and are used to support arts organizations, programs, and activities within that county.

Artist [Stephen Kline](#), whose exhibitions are displayed worldwide, designed the multi-color Florida 'State of the Arts' tag.

New plates may be obtained, in person, through the Department of Motor Vehicles tag offices or by requesting them by mail registration. Individuals who lease vehicles may ask their dealer for the plate.

Purchase of this specialty license plate supports Broward County arts programming.
