

Friends of  
The Davie/Cooper City Branch Library

January 5, 2014

Skye Patrick  
Director, Broward County Library  
100 South Andrews Avenue  
Fort Lauderdale FL 33301

Dear Skye Patrick,

The Friends of the Davie/Cooper City Branch Library would like to purchase three new sets of shelving for the Book Fair area of the library. The estimated cost for the purchase and installation of the shelving for the Friend's Book Fair area is \$3135.80. The board of the Davie/Cooper City Friends have authorized the total amount of \$3135.80 for the purpose of the shelving for the Friend's Book Fair area.

We believe that this project for shelving would enhance the Book Fair area and create a more professional appearance for the Davie/Cooper City branch library. The current Friend's Book Fair shelving is made up of a combination of several book carts and one standing wire shelf.

The Friends of the Davie/Cooper City Branch Library are proud of the Davie/Cooper City Branch library and would like you to approve our proposal for making our library shelving improvement. This will help the Davie/Cooper City branch library to have a more accessible and organized Friend's Book Fair area and make our library a more welcoming place for the members of our community.

Sincerely,

Joel Davidson  
Treasurer, Friends of the Davie/Cooper City Branch Library
