Dan,

I hope this finds you well..

We have been having discussions with both the WICB and the ICC in relation to management of the ground and bringing new opportunities.. We all agree that collectively we will bring significant value to the marketing and sales potential of Broward. Basically, between us all we would control all the major routes to International cricket.

The fear we have is that should an independent entity be in charge of the process, the dynamics will change and then there would be no guarantee that any of us would invest in playing there.. A wasted opportunity in my view.

I just think it is important that the management understand the thought process from us as we are getting calls re other sites in America.

Chat soon,

Pete

Hi Duncan,

Merry Christmas my friend. We are now finalised on the dates for the games in Florida.

Thanks for your patience. My team will come back to you in a few days on the details.

As it pertains to the leasing of the facility to an entity to drive cricket I would be very cautious. Cricket Board's prefer to deal directly than with third parties.

All the best.

Dave
