**Notes:**

- Prices were compared to a previous Broward County solicitation with a very similar scope of work. Considering the model year, the volatility of the vehicle industry, costs of material and labor, and market demand a fluctuation in cost may be present.
- Line Items 12, 16, 43 and 46 were optional line items quoted and were subject to availability of funds. The Aviation Department has determined it is in the best interest of the County to award these line items.
- The Agent performed multiple searches with other government entities and performed internet searches to identify prices for items: 12, 16, 43 and 46; however, was unable to find comparison.
