(Sp. Acts, Ch. 70-621, § 1)

**Sec. 21-2. Solicitation by persons eighteen years of age or younger of charitable contributions from occupants of vehicles in traffic prohibited.**

(a) *Legislative Findings.* Motor vehicle accidents, personal injuries, and hindrance to the normal and expeditious flow of traffic are potential consequences of the presence of persons of any age standing in the traffic lanes of streets, roads, and highways trying to engage drivers and solicit charitable contributions from the occupants of temporarily stopped vehicles. When soliciting in traffic is conducted by persons eighteen (18) years of age or younger, the risk of accidents and injuries significantly increases because persons in that age group are generally less safety conscious and many of them are less visible to motorists than adults.

(b) *Prohibition.* No person eighteen (18) years of age or younger shall solicit charitable contributions from a driver or occupant of a motor vehicle that is temporarily stopped in traffic on any street, road or highway.

(Ord. No. 91-23, § 1, 5-14-91)

**Sec. 21-3. Unlawful sales of hypodermic syringes or needles.**

(a) It shall be unlawful for any person to sell or distribute on a retail basis any hypodermic syringe or needle, designed principally for subcutaneous injection, except when authorized by pre-

scription, as such term is defined in § 465.003(14), F.S., by such persons as are authorized under Florida law to issue prescriptions for drugs to be administered subcutaneously by hypodermic syringe.

(b) Every person who is convicted of a violation of subsection (a) shall be punished as provided by general law.
