Item	Description	Qty	Unit	Unit Price	Unit Price	Unit Price	%
1	Vacuum Storm Water and Sewer Trucks	3	each	\$ 456,900.00	\$ 533,333.33	\$ 398,870.00	-14%
		Total		\$ 1,370,700.00	\$ 533,333.33	\$ 398,870.00	15%

Notes:

- Prices were compared to previous Broward County Contract with a similar scope of work. Although similar, the vehicle specifications were not identical and therefore have an affect on pricing. Considering the volatility of the vehicle industry, costs of material and labor, and market demand a fluctuation in cost may be present.
- A direct comparison to another government entity could not be made as there are too many variations with these customized trucks. The following solicitations were reviewed, but could not be used to compare:
