

Broadview Park Civic Association

November 16 2017

To Whom it may concern:

This letter is to inform Broward County Parks that we, the Broadview Park Civic Association, wish to name the new pocket park in our community in honor of Jack and Jan Washburn. We would like the name to be "Washburn Park". Both Jack and Jan played a crucial role in the building of our community. Both Jack and Jan moved to Broadview Park in 1955 and co-founded the neighborhoods civic association in 1956. The Washburns were highly involved in the community for many years with Jan active in her community up until her passing in 2017. The most recent achievement was that of her advocating to have the Fire Station 23 re-opened for our community.

We cannot stress enough how influential the Washburns were in the growth and development of our community. By naming our new pocket park after them we can hope to honor and remember their hard work and dedication. Please consider this naming of our new park so that future generations in our neighborhood can know what two people can accomplish.

Thank you for your time and consideration,

Daniel Fitzgerald
President, Broadview Park Civic Association
