Rev. 1/1/15

DISCLOSURE ITEMS FOR AT&T DATA CIRCUITS

ISSUE	CONTRACT LANGUAGE
Term	 Any Order may continue under an existing Order or Pricing Schedule after the Term of the Agreement on a month-to-month basis at the prices in effect on the last day of the Pricing Schedule Term; after the end of the term of the Pricing Schedule, AT&T may change pricing on 30 days' notice. (5.7)
Termination	 Service cancellation prior to cutover may impose on County actual costs associated with removal of non-County equipment in termination charges; termination of install orders prior to service activation will incur flat fee of \$200 (Exhibit A)
Indemnification	Indemnification language is nonstandard, but tracks the language utilized in the existing Master Agreement with AT&T (8.1) and includes indemnification for property damage, death, bodily injury, data disclosure, or intellectual property claims.
	AT&T is not obligated to indemnify claims that arise from County's content, use, or modification of the services provided (8.1.6)
Limitation of Liability	 Limitation of liability is modified to mirror the current Master Agreement warranty provisions previously negotiated by the Parties (8.2), including that liability is generally limited to direct damages for personal injury, death, or property damage, indemnification for a third-party claim, and all other claims limited for each 12 month period to greater of \$250k or the net charges during the prior 24 months (8.2.1)
	AT&T is not liable for damage arising out of interoperability, service delays, lost messages, unauthorized access, loss of data, etc. (8.3)
Warranties	AT&T does not provide an intellectual property warranty; instead, AT&T provides indemnification for IP claims (8.1.2)
	 Warranty provisions are modified to mirror the current Master Agreement warranty provisions previously negotiated by the Parties (6.4, 6.5). All other warranties are disclaimed (8.5) including Equipment warranties (AT&T is not providing equipment, but rather services).
Statute of Limitations	If County disputes a charge, County must notify AT&T within 12 months of the date of the first invoice (5.6).
Fees	• Fees as set per Pricing Schedule, which must be separately approved by the Director of Purchasing (1.8, 5.1)
	• County has committed to take reasonable actions to obtain funding for services, and if funds are insufficient and an alternative resolution cannot be negotiated with AT&T, County can terminate but agrees not to contract with any other provider for the same or substantially similar services or equipment for the remaining term of the terminated order (4.3)
	 County is responsible to pay all fees, surcharges, "and other similar charges" which may include additional charges not yet identified; such fees must be stated in the Pricing Schedule; if County deems any fee excessive other than a government pass- thru charge, County may terminate the Pricing Schedule with no termination fees or

	cancellation charges. (Exhibit B)		
	 County may be required to pay special construction charges on a per project basis; AT&T waives first \$50k per project (Exhibit B) 		
Interest	 Amounts withheld are not subject to interest to the extent the dispute is resolved in County's favor (5.2); however, interest on late payments may be charged to the extent permitted under Florida law (12.21). 		
Service Level Agreements	 Separate Service Level Agreements are included for the separate categories of services (Exhibits F-1, F-2, and F-3); each was heavily negotiated by the parties and is materially different from County form, but appropriate to the circumstances and needs of the County in the opinion of ETS.
