RE: Dates of Accident: 072815

The Claimant is a 60-year-old former Bus Operator, with the Broward County Transit Division. On July 28, 2015, the Claimant alleged an injury to the lower back, and neck due to a motor vehicle accident. The Claimant's conservative medical treatment includes medications, physical therapy, and pain management treatment. The Claimant reached maximum medical improvement on June 21, 2016, with a three percent impairment rating to the body, which included permanent restrictions of no bus driving. The Claimant was separated from Broward County on August 8, 2017. Progressive Insurance confirmed that the at-fault driver had no bodily injury liability insurance coverage.

The Risk Management Division recommends an indemnity only settlement up to \$150,000 which is in the best interest of Broward County.

**CONCURRENCE**

Based on the factual information provided, the Office of the County Attorney concurs in the proposed settlement. This concurrence meets the requirements of Section 1-51.3(2)(c), Broward County Code of Ordinances.

This concurrence does not reflect our independent assessment of Broward County's actual risk or financial exposure, which may change if additional information is learned through litigation or other subsequent events.
