RE: **Agenda Item No. 38 on the February 6, 2018, County Commission Agenda**

Item No. 38 on the Board's February 6, 2018, County Commission agenda is a Motion to Terminate for Convenience an agreement between Broward County and Lakdas/Yohalem Engineering, Inc., for Consultant Services for the North Regional Wastewater Treatment Plant - Structural Steel Replacement. If the Board approves the motion, this Office will coordinate with County staff in drafting the termination for convenience letter to provide that, notwithstanding the County's decision to terminate for convenience, in the event the contractor files any legal claim against the County, the County reserves the right, to the full extent permissible under applicable law, to pursue any available legal and equitable remedies to the same extent, and with the same force and effect, as if the termination for convenience had not occurred.
