2.1.5 Following completion of the Project, provide the County with signed and sealed certified as-built drawings and warranties for any work performed as set forth in the Approved Plans.

2.1.6 Properly maintain and fertilize all vegetation in accordance with the Broward County Naturescape Program and Florida-Friendly Landscaping Principles; keep all vegetation as free from disease and harmful insects as practicable; properly mulch the vegetation beds, keeping them free from weeds; periodically mow the grass to maintain a neat and proper appearance; prune all plants so as to remove all dead or diseased parts of plants and all parts of plants which present a visual hazard or physical obstacle to the use of the right of way; remove and replace all vegetation which is dead or diseased or which otherwise falls below the initial level of beautification of the Property and keep litter removed from the right of way. Any replacement of vegetation as required herein shall be accomplished by the use of plants of the same grade as specified in the Approved Plans and shall be of the same size as those existing at the time of replacement or with a

mutually agreed upon substitution, subject to review and approval by the Contract Administrator.

2.1.7 Maintain all nonliving durable materials commonly used in environmental design, such as, but not limited to, curbing, rocks, pebbles, sand, paving, decorative pavers, and grading, in good repair.

As part of such maintenance responsibility, Municipality shall keep the pump and irrigation system in good working order and repair or replace defective or worn out system parts and equipment, which system parts and equipment shall include, but not be limited to, pumps, pipes, and sprinkler heads. Municipality's responsibility to keep the system in good working order shall include all necessary maintenance, repair, and replacement of any type or nature, including, but not limited to, maintenance, repair, and replacement due to normal wear and tear, acts of God, vandalism, and accidents.

2.1.9 If the length of the Property or any portion of such length is coterminous with the jurisdictional boundaries of Municipality, Municipality shall coordinate the performance of its maintenance responsibility pursuant to this Agreement with the governmental entity or entities having jurisdiction over the adjacent area. The terms and conditions of such coordination shall be stated in a binding agreement entered into by Municipality and the adjacent governmental entity or entities and shall provide for the division of maintenance responsibility and the costs of maintenance between the Municipality and the adjacent governmental entity or entities.

2.1.10 Not by its use cause damage to the Property.

2.1.11 Provide the County, or its agent, with prompt written notice as set forth in Article 5 of any occurrence, incident, or accident occurring on the Property.

2.2 County, by and through the Contract Administrator, shall:

2.2.1 Upon receipt from Municipality of a completed application for permit and the Approved Plans, review the application for completeness and either reject the application or process the application for issuance of the permit.

2.2.2. Inspect the Project generally, and the installation of the Landscaping specifically, and reject work which does not meet the requirements of the Approved Plans.

2.2.3 After receiving signed and sealed certified as-built drawings, detailing the pertinent information regarding the installation and that the installation is in conformance with the Approved Plans, and a request for a final inspection, perform a final inspection.

2.4 This Agreement does not change the County road functional classification of the Trafficway.

2.5 Municipality's obligations under this Agreement may be performed by Municipality, through the use of its employees, or Municipality may enter into a contract with a third party to perform the services. If Municipality contracts with a third party, Municipality shall remain fully responsible hereunder and shall ensure that the third party complies at all times with each and every term, condition, duty, and obligation set forth herein.

2.6 In the administration of this Agreement, as contrasted with matters of policy, Municipality may rely on the instructions or determinations made by the Contract Administrator, provided, however, that such instructions and determinations do not change the requirements of this Article 2.

ARTICLE 3. COSTS

Municipality shall pay for all costs associated with the design, installation, and continued maintenance, repair, and replacement of the Landscaping, including all electrical energy and other utility charges.

ARTICLE 4. TERM AND TERMINATION

4.1 This Agreement starts on the date it is fully executed by the Parties and continues in perpetuity unless terminated as provided below.

4.2 This Agreement may be terminated for cause by County, through action of the Board, upon thirty (30) days' written notice given by the Contract Administrator to Municipality setting forth the breach. If Municipality corrects the breach within thirty (30) days after written notice, to the Contract Administrator's satisfaction, this Agreement shall remain in full force and effect. If such breach is not corrected within thirty (30) days after written notice, County may terminate this Agreement. Specifically, if Municipality fails to maintain the Property, County, at the option of the Contract Administrator, may cause such breach to be corrected and invoice Municipality for the costs of the correction or terminate this Agreement. If County opts to correct the breach and invoice Municipality for the costs of correction, Municipality shall remit to County the amount invoiced within thirty (30) days of Municipality's receipt of the invoice.

4.3 Cause to terminate this Agreement includes, but is not limited to, Municipality's failure to suitably perform the services required by Article 2, or Municipality's failure to maintain the Landscaping, notwithstanding whether any such breach was previously waived or cured.

4.4 If this Agreement is terminated, Municipality shall remove from the Property, at Municipality's sole expense, any Landscaping and other improvements placed upon it unless the Contract Administrator, in writing, authorizes Municipality to leave any Landscaping or other improvements on the Property. If any Landscaping or other improvements must be removed:

4.4.1 County shall have no obligation to remove, relocate, reinstall, or replace any of the Landscaping or other improvements, or in any way compensate Municipality for any loss resulting from or arising out of the termination of this Agreement.

4.4.2 Municipality shall obtain a Division permit and replace all Landscaping with Bahia sod, and return the Property to a safe condition following removal of any Landscaping or other improvements.

4.4.3 Municipality shall be obligated to repair or pay for any damage to County property resulting from the removal of any Landscaping or other improvements.

4.4.4 If tree mitigation is required as a result of termination, Municipality shall obtain a Broward County Environmental Licensing and Building Permitting Division, Tree Preservation Program license pertaining to Chapter 27, Article XIV, Sections 27-401 through 27-414 of the Broward County Tree Preservation and Abuse Ordinance, as may be amended from time to time, to provide for relocation, removal, and replacement per the tree removal license requirements at Municipality's sole cost and expense.
