ARTICLE 2
DISPOSAL SERVICES

2.1 Contractor Services. Contractor shall provide solid waste Disposal Services to the Participating Communities and shall accept and weigh all Broward Waste delivered by the Participating Communities and the Licensed Waste Haulers for disposal at the appropriate Disposal Facility(ies) during the term of, and in accordance with, this Agreement.

2.2 Delivery of Broward Waste. Participating Communities shall deliver or cause to be delivered to the appropriate Disposal Facility all Commercial Waste and Residential Waste collected by the Participating Communities and the Licensed Waste Hauler(s). Any Licensed Waste Haulers may, but shall not be obligated to, deliver any Additional Waste to the Disposal Facility for disposal by Contractor or its affiliates. The Interlocal Agreement shall include an obligation by the Participating Communities to comply with the applicable provisions of this Section 2.2.

2.2.1 Residential Waste Delivered by Participating Communities. If a Participating Community collects the Residential Waste and hauls the Residential Waste to Contractor, the Participating Community shall be responsible for Unacceptable Waste brought to either Disposal Facility by the Participating Community.

2.2.2 Residential Waste Delivered by Licensed Residential Waste Hauler. Waste hauling contracts for the collection of Residential Waste, including any renewal of existing waste hauling contracts, entered into by a Participating Community and a Licensed Residential Waste Hauler after the Effective Date of this Agreement shall include the following: (a) the definition of Residential Waste set forth in this Agreement, (b) Licensed Residential Waste Hauler's obligation to be responsible for Unacceptable Waste brought to either Disposal Facility, (c) Licensed Residential Waste Hauler's obligation to indemnify Contractor and add Contractor as additional insured for all losses for death, personal injury, and property damage caused by the negligence or intentional misconduct of Licensed Residential Waste Hauler delivering waste on behalf of the Participating Community, (d) a requirement for the Licensed Residential Waste Hauler(s) to deliver all collected Residential Waste to the Disposal Facilities or as otherwise provided pursuant to Section 5.2, and (e) hours of operation for the Disposal Facility during which the Licensed Residential Waste Hauler shall be authorized to deliver Broward Waste to the Disposal Facilities.

2.2.3 Commercial Waste Delivered by Licensed Commercial Waste Haulers. Each Participating Community shall require Licensed Commercial Waste Haulers to execute a license agreement with the Participating Community that sets forth the payment procedure in Section 4.6 for Commercial Waste Disposal Services, and requires the Licensed Commercial Waste Hauler(s) to deliver all collected Commercial Waste to the Disposal Facilities as otherwise provided pursuant to Section 5.2. In addition, each Directly Billed Participating Community shall require the Licensed Commercial Waste Hauler(s) to provide a performance

bond (in a form and from an issuer reasonably acceptable to Contractor) in favor of Contractor in an amount that covers a ninety (90) day Disposal Services Fee payment period for Commercial Waste Disposal Services for such Directly Billed Participating Community, calculated pursuant to Article 4 and based on the 60 day average tonnage of Commercial Waste delivered by the Licensed Commercial Waste Hauler(s) to Contractor during the twelve (12) month period immediately preceding the execution of the license agreement between Participating Community and Licensed Commercial Waste Hauler(s) entered into after the Effective Date of this Agreement. The sufficiency of the value of the performance bond shall be reviewed on an annual basis and the required bond value may be increased or decreased based on an increase or decrease in a Licensed Commercial Waste Haulers' Commercial Waste delivery obligations. A Licensed Commercial Waste Hauler providing services for multiple Directly Billed Participating Communities may provide one aggregate bond meeting the requirements set forth herein.

- 2.3 Weighing Waste. Contractor shall utilize and maintain motor truck scales at the Disposal Facilities to weigh the Licensed Waste Haulers' vehicles delivering Broward Waste to the Disposal Facility. Contractor shall weigh the Licensed County Waste Haulers' vehicles upon entering and exiting the Disposal Facility site, with the weight difference resulting in the tons of Broward Waste actually delivered.
- 2.4 Monthly Reports. Contractor shall provide monthly reports to the County, within sixty (60) days after the end of the subject month, that include the number of tons of Broward Waste actually delivered to the Disposal Facilities for the subject month listing the delivering party's name (County or Licensed Waste Hauler(s)) and the number of transactions for each delivering party. Such reports shall be provided in a form reasonably acceptable to the County. Upon request, the Contractor will provide monthly reports to a Participating Community detailing deliveries of Broward Waste made by or on behalf of such Participating Community.

ARTICLE 3 **TERM OF AGREEMENT**

- 3.1 Initial Term. This Agreement shall take effect upon the Effective Date and, beginning upon the Disposal Commencement Date, shall continue for a five (5) year period of time ("Initial Term"), unless renewed or terminated earlier by the parties as set forth herein.
- 3.2 Renewals. This Agreement may be renewed for up to three (3) additional, successive five year terms (each renewal is a "Renewal Term") upon the terms set forth herein. The first Renewal Term shall be at the election of the County, and if the County wishes to exercise its renewal right, the County shall provide written notice thereof to the Contractor not less than ninety (90) days prior to the

expiration of the Initial Term. If the County does not elect to exercise its right to the first Renewal Term, this Agreement shall terminate at the expiration of the Initial Term. If the County exercises its right to the first Renewal Term, then, following the first Renewal Term, any addition Renewal Terms shall require mutual written consent by the County and Contractor. The County shall provide notice of its intent to renew not less than eighteen (18) months prior to the expiration of the Initial Term or any Renewal Term (as the case may be). If the Contractor is willing to consent to the renewal, it shall respond in writing within not less than forty-five (45) days. Failure to respond within such period shall be deemed a rejection of the intent to renew. If County and Contractor fail to agree on the terms and conditions of renewal at least twelve (12) months prior to the expiration of a Renewal Term, this Agreement shall expire at the end of such Renewal Term.

3.3 Termination and Extension. This Agreement may only be terminated as provided in Article 6 of this Agreement. In the event that this Agreement is terminated as a result of Contractor's default, or County's default not due to County's non-payment, County shall have the right to an extension of Disposal Services for up to twelve (12) months provided that the County specifies the desired length of the extension in the termination letter, or extension request letter, transmitted to Contractor. In the event County exercises its right to an extension, this Agreement shall be deemed automatically extended for the period specified in the notice transmitted to Contractor. The remunerations to be paid to the Contractor during this extension period shall be based upon the Disposal Service Fees in effect at the time of such termination, which shall be escalated as provided herein as if the term extended through the extension period. County shall not be entitled to an extension of Disposal Services if Contractor terminates this Agreement due to County's default for failure to make payment to Contractor in accordance with this Agreement. Notwithstanding any language herein to the contrary, County and Contractor retain their rights during any such extension to seek damages for material breach or material default of this Agreement by either party.

3.4 Alternate Disposal during Renewal Term. If, during any Renewal Term, the continued operation of the Disposal Facilities have become uneconomic due to increased capital or operating costs attributable to a change in local, state, or federal law or regulation, and, as a result, the Contractor has provided County with written notice that it has decided to cease operation of the Disposal Facilities (which notice shall provide at least nine (9) month's notice of the planned date for cessation of operations), the County may thereafter elect, at its sole option, to terminate this Agreement at any time by providing at least three (3) months' notice, provided that the termination date shall not be later than the planned date for cessation of operations. With the exception of liabilities accrued prior to the effective date of termination, the Contractor shall have no further liability to the County following the effective date of such termination. Should County not elect to terminate this Agreement Contractor shall thereafter be entitled to direct the

Participating Communities to deliver, and require that any Licensed Waste Haulers deliver, any Commercial Waste or Residential Waste to an Alternate Disposal Facility designated by Contractor. In such circumstances, (i) the Alternate Disposal Facility shall be considered to be the "Disposal Facility" for all purposes under this Agreement, and (ii) Contractor shall be responsible for any incremental tipping fees above the Disposal Services Fee, and for any actual reasonable documented incremental cost for transportation of the Commercial Waste and Residential Waste to the Alternate Disposal Facility.

ARTICLE 4 **SERVICE FEE**

- 4.1 Disposal Services Fee. After each operating month, the Contractor shall invoice the County for Centrally Billed Participating Communities and each Directly Billed Participating Community for Residential Waste Disposal Services and the County for Centrally Billed Participating Communities and the Licensed Commercial Waste Hauler(s) for each Directly Billed Participating Community for Commercial Waste Disposal Services based upon the per ton Disposal Service Fee set forth on attached **Exhibit "A"** and which has been selected by the Participating Community as set forth on **Exhibit "C"**. Any Additional Waste delivered by a Participating Community or any Licensed Residential Waste Hauler shall be included in the tonnage billed to the County (for the Centrally Billed Participating Communities), and the Directly Billed Participating Communities, and any Additional Waste delivered by a Licensed Commercial Waste Hauler shall be included in the tonnage billed to the Licensed Commercial Waste Hauler.
- 4.2 Disposal Services Fee Adjustments. Beginning on the first October 1 after the one (1) year anniversary of the Disposal Commencement Date of this Agreement, and on each October 1 thereafter, the Disposal Services Fee shall be subject to adjustment with a cap not to exceed 5% for any year and a floor of not less than 1%, by multiplying the Disposal Services Fee by the Disposal Services Fee Adjustment Factor. The result of the calculation shall become the maximum Disposal Services Fee permitted to be charged by Contractor to County for the 12 months following the Disposal Services Fee adjustment. The 12 month change (using March of each year as the base month) in the Bureau of Labor Statistics Index Series ID CUUR0000SA0, Consumer Price Index – All Urban Consumers shall be used to calculate the Disposal Services Fee Adjustment Factor subject to and not to exceed the 5% cap and 1% floor for any year.
- 4.3 Most Favored Pricing.
- 4.3.1 In the event that Contractor subsequently enters into an agreement for a term of more than twelve (12) months (including any unilateral renewal and option periods) for the disposal of solid waste generated anywhere within Broward, Miami-Dade or Palm Beach County (an "Eligible Agreement"), Contractor shall provide the County with a copy of the Eligible Agreement within

sixty (60) days of execution thereof. If the County determines that the contract includes a Net Disposal Fee that is less than the Disposal Services Fee set forth herein, the County may provide written notice to Contractor of County's determination, and, if the County does so, the Disposal Services Fee shall automatically be reduced for all Participating Communities to the Net Disposal Fee set forth in the Eligible Agreement, such change to be effective retroactively as of the effective date of Eligible Agreement. Thereafter, the parties shall proceed under this Agreement in accordance with the lower Net Disposal Fee (subject to annual adjustments as provided in Section 4.2).

1.1.1 4.3.2 For the purposes of this Agreement, the "Net Disposal Fee" offered under the Eligible Agreement shall be the actual per-ton cost offered by Contractor to the other party to the Eligible Agreement. In calculating the Net Disposal Fee all "Economic Incentives" which are defined to mean monies, economic benefits and consideration received by the other party of whatever nature (e.g. signing bonus, revenue sharing, other credits, etc.) shall be taken into account by reducing the per-ton cost by the amount of the Economic Incentives to determine the Net Disposal Fee. Any actual costs associated with disposal which are required to be paid by the other party (e.g. pass throughs, etc.) shall be included in the calculation of Net Disposal Fee.

4.4 Discriminatory Tax Adjustments. If the State of Florida, County or a municipality, in the event a Contractor facility located in the unincorporated area of Broward County is subsequently annexed into such municipality, enacts a tax or fee applicable only to the disposal of municipal solid waste, or specifically targeting the ownership or operation of one or both of the Disposal Facilities, then the Disposal Services Fee shall be increased by the pro-rata amount (based upon the amount of Broward Waste as a proportion of all waste delivered to the Disposal Facility) of such tax or fee actually paid by Contractor and attributable to the Disposal of the County's Waste pursuant to this Agreement.

4.5 Payment Procedure.

4.5.1 Each month, Contractor shall calculate the amount of Disposal Service Fees owed to the Contractor by the Centrally Billed Participating Communities and Directly Billed Participating Community for Residential Waste and (if any) Additional Waste Disposal Services, based on the provisions of this Agreement, and shall submit an invoice in substantially the form attached hereto as **Exhibit "E"** to each Directly Billed Participating Community for payment. The invoice to the County shall be due within thirty (30) days of receipt.

4.5.2 On a bi-weekly basis, Contractor shall calculate the amount of Disposal Service Fees owed to the Contractor by the Licensed Commercial Waste Hauler(s) for Commercial Waste and (if any) Additional Waste Disposal Services, based on the provisions of this Agreement, and shall submit an invoice to the Licensed Commercial Waste Hauler(s) for payment. The invoice to the Licensed Commercial Waste Hauler(s) shall be due within fifteen (15) days of receipt.

4.5.3 Residential Waste Disposal Services. If the County or Directly Billed Participating Community (as applicable) disagrees with the amount stated in the invoice provided pursuant to Section 4.5.1, the County or Directly Billed Participating Community (as applicable) shall notify the Contractor of such dispute. The County or Directly Billed Participating Community (as applicable) shall make payment to Contractor of undisputed invoiced amounts within thirty days after receipt of the invoice. In the event of a disputed amount, the parties shall reasonably attempt to discover the cause of any discrepancy between the parties, and if a resolution is not reached within forty-five (45) days of receipt of the invoice, the parties agree to work in good faith to settle the dispute (for amounts greater than \$25,000) by mediation by a mutually acceptable mediator. In the event the parties are not able to resolve the dispute through mediation within forty-five (45) days, then the parties may resolve the dispute by availing themselves to litigation. The existence of a dispute shall not delay payment of undisputed amounts to Contractor, or relieve Contractor of its obligations under this Agreement.

4.5.4 Commercial Waste Disposal Services. If the Licensed Commercial Waste Hauler(s) disagrees with the amount stated in the invoice provided pursuant to Section 4.5.2, the Licensed Commercial Waste Hauler(s) shall notify the Contractor of such dispute. The Licensed Commercial Waste Hauler(s) shall make payment to Contractor of undisputed invoiced amounts within thirty (30) days after receipt of the invoice. In the event of a disputed amount, the parties shall reasonably attempt to discover the cause of any discrepancy between the parties, and if a resolution is not reached within forty-five (45) days of receipt of the invoice, the parties shall resolve the dispute in a manner permitted by Florida law. The existence of a dispute shall not delay payment of undisputed amounts to Contractor, or, except as set forth herein, relieve Contractor of its obligations to County under this Agreement. In the event the Licensed Commercial Waste Hauler(s) fails to make payment to Contractor for Commercial Waste Disposal Services as required by this Agreement, Contractor shall notify the County of such non-payment and Contractor shall have the right to make a claim for payment under the performance bond (required by Section 2.2.3) for the properly invoiced outstanding amounts due for Commercial Waste Disposal Services pursuant to this Agreement. If the unpaid amount exceeds 80% of the performance bond provided by the Licensed Commercial Hauler pursuant to Section 2.2.3 and then available to Contractor, Contractor shall be entitled to reject any Commercial Waste delivered by such Licensed Commercial Waste Hauler until such time as all unpaid amounts have been received by Contractor and the Contractor is in possession of a performance bond meeting the requirements of Section 2.2.3.

4.6 Revenue Share

4.6.1 - Applicable to Participating Communities who have selected Pricing Option 1 on **Exhibit "A"**: In the event that the actual annual average electricity revenue dollar per megawatt hour sold during a Contract Year for the Contractor exceeds \$88.00/MwH, adjusted annually consistent with Section 4.2, then in such Contract Year, the Contractor will give a credit to the County (with respect to each Centrally Billed Participating Community) or each Directly Billed Participating Community equal to (a) 25% multiplied by (b) a fraction, the numerator which is the tons of Processed Waste delivered by the Participating Community and the denominator of which is the total tons of Processed Waste delivered to the Disposal Facilities by all Persons during such period multiplied by (c) the total megawatt hours sold by the Contractor during such period multiplied by (d) the difference between the actual annual average revenue dollar per megawatt hour sold during such Contract Year for the Contractor and \$88.00/MwH, adjusted annually consistent with Section 4.2. The revenue dollars above will be calculated net of fees related to power sales (i.e. transmission, distribution, marketing, etc.) The minimum credit due to Participating Community per this paragraph shall be \$0.75, adjusted annually consistent with Section 4.2, times the tons of Processed Waste delivered by such Participating Community.

In the event that the actual annual average revenue dollar per net ferrous metal ton recovered from the ash stream for the Contractor exceeds \$50.00/ton, adjusted annually consistent with Section 4.2, during a Contract Year, then in such Contract Year, the Contractor will give a credit to the County (with respect to each Centrally Billed Participating Community) or each Directly Billed Participating Community equal to (a) 25% multiplied by (b) a fraction, the numerator which is the tons of Processed Waste delivered by the Participating Community and the denominator of which is the total tons of Processed Waste delivered to the Disposal Facilities by all Persons during such period multiplied by (c) the total net ferrous metal tons recovered from the ash stream that are sold by the Contractor during such period multiplied by (d) the difference between the actual annual average revenue dollar per net ferrous metal ton for the Contractor and \$50.00/ton, adjusted annually consistent with Section 4.2. The revenue dollars above will be calculated net of fees related to metals sales (i.e. transportation, marketing, etc.), The "net" ferrous metal ton refers to the intended exclusion of the ash entrained in the outbound metals which does not yield revenue. The minimum credit due to Participating Community per this paragraph shall be \$0.50, adjusted annually consistent with Section 4.2, times the amount of Processed Waste tons delivered by such Participating Community.

The Annual Settlement calculations above will be completed annually within 90 days after the Contract Year and any credit due hereunder shall be paid to the County or any Directly Billed Participating Community within 30 days thereafter.

4.6.2 - Applicable to Participating Communities who have selected Pricing Option 2 on **Exhibit "A"**: In the event that the actual annual average electricity revenue dollar per megawatt hour sold during a Contract Year for the Contractor exceeds

\$25.00/MwH, adjusted annually consistent with Section 4.2, then in such Contract Year, the Contractor will give a credit to the County (with respect to each Centrally Billed Participating Community) or each Directly Billed Participating Community equal to (a) 25% multiplied by (b) a fraction, the numerator of which is the tons of Processed Waste delivered by the Participating Community and the denominator of which is the total tons of Processed Waste delivered to the Disposal Facilities by all Persons during such period multiplied by (c) the total megawatt hours sold by the Contractor during such period multiplied by (d) the difference between the actual annual average electricity revenue dollar per megawatt hour sold during such Contract Year for the Contractor and \$25.00/MwH, adjusted annually consistent with Section 4.2. The revenue dollars above will be calculated net of fees related to power sales (i.e. transmission, distribution, marketing, etc.) This calculation will be completed annually within ninety (90) days after the Contract Year and any credit due hereunder shall be paid to the County or any Directly Billed Participating Community.

ARTICLE 5

OPERATION OF DISPOSAL FACILITY

- 5.1 Personnel and Equipment Requirement. Contractor shall provide, at its sole expense, all necessary personnel, materials and equipment for the operation, maintenance and repair of the Disposal Facilities.

- 5.2 Disposal Locations and Alternate Disposal Facility. In the event that either the South or North Disposal Facility (but not both) is rendered incapable to receive the Broward Waste for any length of time, the Participating Communities and the Licensed Waste Hauler(s) shall be required to dispose of Broward Waste at the other Disposal Facility at no additional disposal expense to the Participating Communities or Licensed Waste Hauler. In the event that both Disposal Facilities are rendered incapable, for any reason, to receive the Broward Waste for any length of time, the Participating Communities and the Licensed Waste Hauler(s) shall be required to dispose of Broward Waste at the Alternate Disposal Facility. In the event that both Disposal Facilities and the Alternate Disposal Facility are rendered incapable, for any reason, to receive the Broward Waste for any length of time, Contractor shall, within twenty-four (24) hours, provide the Participating Communities with another designated Alternate Disposal Facility, subject to Participating Communities approval (which shall not be unreasonably withheld), where the County and the Licensed County Waste Hauler(s) shall be required to dispose of Commercial Waste and Residential Waste. Reimbursements for any incremental tipping fee amount paid that exceeds the Disposal Services Fee, and for any actual and necessary incremental cost for transportation of the Participating Communities Commercial Waste and Residential Waste necessitated by the incapacity of both the Disposal Facilities and the Alternate Disposal Facility shall be determined in accordance with Section 5.3 below. Contractor shall not transport and/or dispose of the Broward Waste at a different

disposal facility, unless approved by the County in its sole and absolute discretion.

5.3 Alternate Disposal Facility Associated Costs.

5.3.1 In the event that the designated Disposal Facility is rendered incapable to receive the Broward Waste for any length of time for any reason except for Force Majeure or the negligence or intentional misconduct of City or City's Licensed Waste Hauler, Contractor shall reimburse the Participating Communities or the Licensed Waste Hauler, as applicable, for any incremental tipping fee amount paid at the Alternate Disposal Facility pursuant to Section 5.2 that exceeds the Disposal Services Fee, and for any actual and necessary incremental cost for transportation of the Participating Communities Waste to the Alternate Disposal Facility necessitated by the incapacity of Contractor's Disposal Facility.

5.3.2 In the event that the designated Disposal Facility is rendered incapable to receive the Broward Waste for any length of time due to Force Majeure or the negligence or intentional misconduct of the Participating Communities or Licensed Waste Hauler, the County and the Licensed Waste Hauler shall not receive any reimbursement for any additional tipping fees paid at the Alternate Disposal facility or, except as set forth herein, incremental transportation costs necessitated by the incapacity of Contractor's Disposal Facility, however, the Participating Communities and the Licensed Hauler shall be reimbursed by the Contractor for any actual and necessary incremental cost for transportation of Commercial Waste and Residential Waste to an Alternate Disposal Facility necessitated by the incapacity of Contractor's Disposal Facility due to Force Majeure.

5.4 Dates and Hours of Operation. Contractor shall keep its Disposal Facilities open for the receipt of Broward Waste from the Participating Communities and/or Licensed County Waste Hauler from 6:00 a.m. to 6:00 p.m., Monday through Friday, and from 6:00 a.m. to 4:00 p.m. on Saturday, during every day of the year, excluding Christmas and Sundays. To the extent permitted by law and to the extent that capacity is available, Contractor shall use all reasonable efforts to keep the Disposal Facilities open for additional hours to accept Broward Waste.

5.5 Good Working Order Requirement. Contractor shall operate and maintain its Disposal Facilities in good working order, and shall timely make all necessary repairs and replacements, consistent with the prevailing standards in the waste-to-energy industry, and consistent with steam and electrical generating plant practices. Contractor shall maintain the safety of its Disposal Facilities consistent with applicable law and prevailing boiler and electrical generating plant practices.

5.6 Unacceptable Waste.

5.6.1 The Participating Communities shall institute all reasonable procedures to prevent the delivery to the Disposal Facilities of Unacceptable Waste by the Participating Communities, or its agents or contractors. To the extent such procedures would affect the operation of the Disposal Facilities such procedures shall be reasonably acceptable to the Contractor.

5.6.2 The Contractor shall cooperate with the Participating Communities in connection with all matters regarding Unacceptable Waste under this Agreement. The Contractor shall use all reasonable efforts to identify the source of any Unacceptable Waste delivered to the Disposal Facilities.

5.6.3 Should any Unacceptable Waste be delivered to a Disposal Facility, such Unacceptable Waste shall be removed, transported and disposed of by the Contractor in accordance with applicable law governing such wastes, and the Contractor shall clean up the Disposal Facility to the extent required as a result of any such delivery of Unacceptable Waste. The costs of such removal, transport, disposal and clean-up shall be allocated in the following manner:

- i. Should the Person delivering such Unacceptable Waste be known or identified, and should such Person be a Person delivering waste to the Disposal Facility by or on behalf of the County, the costs associated with such removal, transport, disposal and Disposal Facility clean-up shall be borne by the County, provided that Contractor shall use all commercially reasonable efforts to collect such amounts from the Person delivering Unacceptable Waste to the Disposal Facility before seeking recovery from the County.

- iv. Should the Person delivering such Unacceptable Waste be unknown or unidentifiable, the costs associated with such removal, transport, disposal and Disposal Facility clean-up shall be borne by the Contractor.

5.7 Energy Production and Recycling Guarantee.

5.7.1 Contractor acknowledges that the State of Florida has legislated certain goals with respect to the Recycling of solid waste. As currently drafted, Section 403.706(4)(a), Florida Statutes, provides that each mega-watt hour ("MwH") generated by a waste-to-energy facility using solid waste as fuel shall count as one (1) ton of Recycled material for the purposes of the County's Recycling goals implemented by the State of Florida.

5.7.2 In support of the County's Recycling objectives, the Contractor shall use all reasonable endeavors to operate the Disposal Facilities in such a manner so as to ensure that each ton of Broward Waste processed at the Disposal Facility will result in the production of .50 MwH of electricity.

5.7.3 The Contractor will provide the County with monthly statements indicating the tonnage processed and corresponding energy production, provided however that compliance with Section 5.7.2 will be measured on annual basis (i.e., in each calendar year, the Disposal Facility must produce that number of MwHs as is equal to the total tonnage of Broward Waste processed in such year x .5).

5.7.4 If in any calendar year the Disposal Facility(ies) has not met the energy production requirement specified in Section 5.7.2., the County shall be entitled to a rebate equal to the greater of (i) \$250,000 or (ii) \$.25 per ton of Broward Waste processed at the Disposal Facilities in such calendar year, to be applied in two (2) equal installments against the first two (2) monthly invoices following the determination of a deficiency in energy production.

5.8 For any Disposal Facility or Alternative Disposal Facility within Broward County, which, as of the Effective Date, is not permitted or operational, prior to the Contractor utilizing such Facility under the terms of this Agreement, Contractor shall provide written documentation to the County demonstrating to the County's satisfaction that specific measures have been taken to prevent or minimize impacts upon affected adjacent property within three hundred (300) feet of a boundary of the parcel containing the Alternative Disposal Facility. Affected adjacent property includes land within a residential land use plan category, a residential zoning district, or land currently used for residential, school or medical care purposes. Impacts which the Contractor shall be required to mitigate include the effects of excessive noise, objectionable odors, visible emissions, particulate matter (including dust, smoke, soot, and aerosols), solid wastes, hazardous wastes, fire and explosion. Mitigation may include but is not limited to the provision of adequate setbacks, buffers, landscaping, fencing, walls, enclosed areas, and best available technology. Written documentation for operation and mitigation shall be reviewed by the County within thirty (30) days of submittal. Approval by the County, which shall not be unreasonably withheld, must be obtained prior to such Facility or Alternative Disposal Facility being utilized under the terms of this Agreement. Conversion of any Facility or Alternative Disposal Facility, for treating one type of waste in lieu of another, or for treating additional

types of waste, shall be required to undergo the review required in this paragraph.

ARTICLE 6

In the event there should occur any material breach or material default in the performance of any covenant or obligation of a party hereunder that has not been remedied within thirty days after receipt of notice from the non-breaching party specifying such breach or default, subject to the terms and conditions of this Article 6, the non-breaching party may, if such breach or default is continuing, terminate this Agreement upon thirty days notice to the party in breach; provided that if such default is not a payment default and can be cured, and the party in breach shall have commenced to take reasonably appropriate steps to cure such breach or default within a reasonable period of time, the same shall not give rise to a right of termination on behalf of the non-breaching party for so long as the breaching party is continuing to take reasonable steps to cure such default or breach.

Contractor shall not continue to work pursuant to this Agreement unless all required insurance remains in full force and effect.
- 7.5 Minimum Level of Coverage. To ensure an adequate level of outstanding insurance coverage for claims that arise from Contractor's performance under this Agreement, Contractor shall maintain a minimum outstanding level of insurance coverage during the Term of this Agreement in the amount of \$25,000,000 after deducting the amount of any claims filed or made against any policy required under this Agreement during the Term of this Agreement and the three year period set forth in Article 7.1 of this Agreement.
- 7.6 Premium Payment Responsibility. Contractor shall be solely responsible for payment of all premiums for insurance contributing to the satisfaction of this Agreement and shall be solely responsible for the payment of all deductibles and retentions to which such policies are subject.

ARTICLE 8 **LIABILITY**

Contractor is not, however, required by this Article 8.2 to reimburse or indemnify for loss or claim due to the negligence or willful misconduct of the County, any Participating Community or any Licensed Waste Hauler(s).

ARTICLE 9

- 9.1 Parental Guaranty. Contractor shall have its parent company, Waste Management, Inc., guarantee Contractor's performance under this Agreement by executing the Parental Guaranty set forth in **Exhibit "B."** The County's receipt of the Parental Guaranty executed by Waste Management, Inc. is a condition precedent to the effectiveness of this Agreement.
- 9.2 Joint Preparation. The preparation of this Agreement has been a joint effort of the parties hereto and the resulting document shall not, solely as a matter of judicial construction, be construed more severely against one of the parties than the other.
- 9.3 Merger/Amendment. This Agreement incorporates and includes all prior negotiations, correspondence, agreements or understandings applicable to the matters contained herein; and the parties agree that there are no commitments, agreements or understandings concerning the subject matter of this Agreement that are not contained in this document. Accordingly, the parties agree that no deviation from the terms hereof shall be predicated upon any prior representations or agreements whether oral or written. It is further agreed that no change, amendment, alteration or modification in the terms and conditions contained herein shall be effective unless contained in a written document executed with the same formality and of equal dignity herewith by all parties to this Agreement. Provided however, that Section 2.2 of the Amended and Restated North Solid Waste Disposal Service Agreement between County and Wheelabrator North Broward, Inc., dated as of February 1, 2001 and Section 2.2(b) of the Amended and Restated South Solid Waste Disposal Agreement between County and Wheelabrator South Broward Inc., dated as of February 1, 2001 remain in effect unless and until modified or eliminated by subsequent agreement between County and the companies.
- 9.4 Assignment. Except as provided herein, the Contractor may not assign its obligations as set forth in this Agreement without the prior written consent of the County. The Contractor may (i) without the consent of the County, (a) transfer, assign or pledge Contractor's interest in this Agreement in connection with any financing or re-financing activity or (b) assign this Agreement to another affiliate of Contractor (provided that the parent guaranty remains in place); and (ii) with the consent of the County, which may not be unreasonably withheld or delayed, assign this Agreement in connection with a sale or assignment of its interest in the Disposal Facilities, provided that Contractor can reasonably demonstrate to the County that the assignee has a financial strength which is equal to or better than that of Contractor at the time of the proposed assignment, and the proposed assigned (or its affiliates) has a commercially reasonable level of prior experience and/or current capability with respect to the operation of a waste-to-energy facility. This Agreement shall be binding on any and all successors to Contractor.

Any Participating Community may participate in any audit performed by the County pursuant to this Section 9.6. Such retention of such records and documents shall be at Contractor's expense. If any audit has been initiated and audit findings have not been resolved at the end of the retention period or five (5) years, whichever is longer, the books, records, and accounts shall be retained until resolution of the audit findings. If the Florida Public Records Act is determined by County to be applicable to Contractor's records, Contractor shall comply with all requirements thereof; however, no confidentiality or non-disclosure requirement of either federal or state law shall be violated by Contractor. Any incomplete or incorrect entry in such books, records, and accounts shall be a basis for disallowance and recovery of any payment upon such entry. Notwithstanding anything herein to the contrary, for a twenty (20) year period following any termination or expiration of this Agreement, the Contractor shall retain records reasonably documenting environmental compliance at the Disposal Facilities, and documentation concerning any disposal of Broward Waste at an Alternate Disposal Facility; provided however that Contractor shall be relieved of any retention obligation if, prior to any disposal of the relevant records, Contractor has offered the County and the Participating Communities the opportunity to receive copies thereof.

Contractor shall at its sole cost and expense conduct such tests at the Disposal Facilities from time to time as shall be required by such permits and licenses, and shall send copies of the test results to County, when the test results are submitted to the state or federal regulatory agencies. Contractor also shall make such test results available for review and copying by County during normal business hours. Contractor shall not be deemed to have breached its obligations under the two preceding sentences in respect of any period during which it may in good faith be contesting the necessity of obtaining any such permit or license, or the validity or application of any requirement of or condition contained in any such permit or license, provided that during such period Contractor shall not otherwise be relieved from performing its obligations under this Agreement. Contractor also shall promptly furnish to County copies of any governmental or regulatory complaint, notice of violation or regulatory action upon receipt by Contractor regarding any permit, license or relating in any manner to Contractor's operations or Disposal Facilities pursuant to this Agreement.

GUARANTY

THIS GUARANTY (this "Guaranty") made as of the ____ day of _____, 2012, by Waste Management, Inc., a Delaware corporation (the "Guarantor"), to and for the benefit of Broward County Florida, a political subdivision of the State of Florida (the "County").

WITNESSETH:

WHEREAS, Wheelabrator Environmental Systems Inc., a Delaware corporation and a wholly-owned subsidiary of the Guarantor (the "Company"), is entering into an Agreement for Solid Waste Disposal Services (the "Agreement") with the County dated of even date herewith (each capitalized term used herein and not defined shall have the meaning ascribed to such term in the Agreement);

WHEREAS, the Guarantor is willing to guarantee the performance of the Company under the Agreement pursuant to the terms of this Guaranty; and

WHEREAS, the execution of this Guaranty is a condition precedent to the execution by the Company and the County of the Agreement, and the County would not enter into the Agreement unless the Guarantor provided this Guaranty;

NOW, THEREFORE, as an inducement to the County to enter into the Agreement, the Guarantor agrees as follows:

1. The Guarantor hereby irrevocably, absolutely and unconditionally guarantees the full, prompt and timely performance and discharge of all of the duties, obligations, covenants and agreements of the Company pursuant to and in accordance with the terms and provisions of the Agreement, including but not limited to, the full, prompt and timely payment when due of all sums and amounts payable by the Company, including without limitation, the payment of any and all fines, damages, indemnification obligations and costs and expenses, including without limitation, reasonable fees and expenses of attorneys (collectively, the "Obligations").

2. All obligations of the Guarantor under this Guaranty shall be irrevocable, absolute, unconditional and continuing, and shall remain in full force and effect until all of the Obligations now existing or hereafter incurred shall have been performed, discharged and paid in full in accordance with the terms of the Agreement. The obligations of the Guarantor under this Guaranty shall not be released, discharged, affected, modified or impaired by reason of the happenings from time to time of any event or circumstance, including, without limitation, any one or more of the following:

(i) the compromise, settlement, release, discharge or termination of any or all of the Obligations, by operation of law or otherwise, except by payment and performance in full of the Obligations pursuant to the terms of the Agreement;

(ii) the failure of the County to give notice to the Company or the Guarantor of the occurrence of any Event of Default under the Agreement;

(iii) the waiver of the payment, performance or observance by the County of any of the Obligations;

(iv) the extension of the time (whether one or more) for payment or performance of the Obligations, or the extension or the renewal of any thereof;

(v) the invalidity or unenforceability of any term or provision of the Agreement based on the lack of authority, insolvency, bankruptcy or reorganization of the Company;

(vi) the voluntary or involuntary liquidation, dissolution, sale or other disposition of all or substantially all of the assets, marshaling of assets and liabilities, receivership, insolvency, bankruptcy, assignment for the benefit of creditors, arrangement, composition with creditors or readjustment of, or other similar proceedings affecting the Company, or its assets, or the Guarantor, or its assets, or any allegation of invalidity or contest of the validity of this Guaranty in any such proceedings;

(vii) the default or failure of the Guarantor to fully perform any of its obligations set forth in this Guaranty, or the occurrence of any Events of Default under the Agreement;

(viii) the failure of any agreement, instrument, certificate, or other document to be executed or delivered in connection with the Agreement; or

(ix) any assignment, amendment, modification, or waiver of, or change in any of the terms, covenants, conditions or provisions of any of the Obligations or the Agreement, or the invalidity or unenforceability of any of the foregoing.

3. This Guaranty shall be construed in accordance with and governed by the internal laws of the State of New York, without giving effect to any choice or conflict of law provisions or rules (whether of the State of New York or any other jurisdiction).

4. Subject to the provisions of Section 7 hereof, this Guaranty shall be binding upon and enforceable against the Guarantor, its successors, or permitted assigns and legal representatives (including any successor by merger or consolidation or any transferee of all or substantially all of the properties or capital stock of the Guarantor), whether or not the Guarantor's obligations hereunder are expressly assumed by such successor, assignee or transferee; and is for the benefit of the County and any of its successors and assigns under the Agreement.

5. Each and every Event of Default under the Agreement shall give rise to a separate cause of action hereunder, and separate claims may be brought hereunder by the County as each cause of action arises. The Guarantor waives to the greatest extent permitted by law: notice of acceptance hereof; presentment and protest of any instrument, and notice thereof; notice of default; notice of foreclosure; notice of any modification, release or other alteration of any of the Obligations or of any security therefor and all other notices to which the Guarantor might otherwise be entitled. Should the Company default in the payment or performance of any of the Obligations, the obligations of the Guarantor hereunder with respect to such Obligations in default shall become immediately due and payable to the County without demand or notice of any nature, all of which are expressly waived by the Guarantor. Payments by the Guarantor hereunder may be required by the County on any number of occasions.

6. No failure, omission or delay by the County in exercising any right, power or privilege hereunder or under the Agreement shall operate as a waiver thereof nor shall any single or partial exercise thereof preclude any other right, power or privilege of the County. No

waiver, amendment, release or modification of this Guaranty shall be established by conduct, custom or course of dealing, but solely by an instrument in writing duly executed by the party against whom any such waiver, amendment, release or modification is sought to be enforced.

7. The Guarantor shall not assign its obligations hereunder without first obtaining the express prior written consent of the County, which consent shall not be unreasonably withheld or delayed. Notwithstanding the foregoing, the Guarantor may assign its obligations hereunder in connection with the sale or transfer of all or substantially all of its assets. Any attempted assignment in violation of this Guaranty shall be null and void.

8. The obligations of the Guarantor to the County set forth in this Guaranty are direct, absolute and unconditional without regard to the liability of any other Person; and shall not be subject to any requirement that the County first enforce any remedies it may have against the Company or any other Person, or any requirement to seek to recover from the Company hereunder before proceeding against the Guarantor hereunder, and shall not be subject to any claim of the Guarantor against any other Person including the County. No setoff, counterclaim, reduction, or diminution of any obligation, or any other defense of any kind or nature (excepting payment or performance in fact and any other defenses the Company has under the Agreement) which the Company or the Guarantor has or may have against the County shall limit or in any way affect the Guarantor's obligations under this Guaranty.

9.
