

STAFF REPORT
Port Everglades Plat No.12
120-MP-90

A request to amend the note on the plat has been filed with the Planning and Development Management Division. This plat was approved by the Broward County Board of County Commissioners (“Board”) on September 17, 1991. The current note reads:

This plat is restricted to industrial use only.

The property is located south of Eller Drive, on the east side of Southeast 18 Avenue, in the City of Hollywood. It measures 19.19 acres. The plat was recorded on March 16, 1993 (Plat Book 153, Page 31).

The applicant is requesting to bifurcate the plat into two parcels, where Parcel A-1 is restricted to roads, and Parcel A-2 is restricted to a conservation area consistent with a conservation easement (Instrument #114574840); due to a recent transfer of ownership to the State of Florida for the north-eastern edge of the property, as it is part of a larger upland mangrove enhancement area. The proposed note language reads as follows:

This plat is restricted to a roadway on Parcel A-1 and Parcel A-2 is restricted to conservation area.

This request was evaluated by the Reviewing Agencies.

The attached memorandum from the Broward County Planning Council indicates that the effective Land Use Plan designates the area covered by this plat for the uses permitted in the “Transportation” land use category, and the requested plat note amendment complies with the permitted uses of the effective Land Use Plan.

The attached Resolution No. R-2018-052 from the City of Hollywood indicates that the proposed note amendment was approved by the City Commission on February 21, 2018.

Staff from the Highway Construction and Engineering Division have reviewed this request and recommend **APPROVAL** subject to the vacation of the 70-foot private access easement located along the western plat limits, prior to the recordation of the resolution modifying the note on the face of the plat; in addition to the conditions contained in the attached memorandum.

The Environmental Planning and Community Resilience Division has reviewed this request and at this time, this site is not included in the Protected Natural Lands Inventory but is adjacent to the Port Everglades Mangrove Preserve and across the harbor from Von D. Mizell and Eula Johnson State Park, which are sites in the inventory. The Environmental Review Report, coordinated by the Planning and Development Management Division, is attached.

The Aviation Department has advised that this property is within 20,000 feet of Fort Lauderdale-Hollywood International Airport. Any proposed construction on this property or use of cranes or other high-lift equipment must be reviewed to determine if Federal

Continued

Aviation Regulation Part 77, Florida Statutes, Chapter 333 and/or the Broward County Airport Zoning Ordinance apply. Based on the location of the proposed project, the FAA may need to review to determine whether the project is a potential hazard to aviation. The proposed development must not generate light, glare, smoke or other emissions that could be disorienting to pilots operating in the vicinity of the airfield. To initiate the Federal Aviation Review, access the FAA Web Page at: <http://oeaaa.faa.gov/oeaaa/external/portal.jsp>. For additional information, contact the Broward County Aviation Department at 954-359-6170.

Broward County's consulting archaeologist has reviewed this request and, based on available information including archival documents, maps, the Broward County Land Use Plan and the Florida Master Site File (FMSF), has determined that the proposed project will not have an adverse effect on any known historical or archaeological resources or areas of archeological or paleontological sensitivity. The consulting archaeologist also notes that this property is located in the City of Hollywood and outside the jurisdiction of Broward County Historic Preservation Ordinance 2014-32. The property owner/agent is advised to contact the City of Hollywood, Planning Department at 954-921-3471 to seek project review for compliance with the municipal historic preservation regulations. Additionally, the subject property, or portions thereof, are owned by the Florida Department of Environmental Protection. The property owner/agent is advised to contact the State Compliance and Review Section at 850-245-6425 to seek project review for compliance with State historic preservation regulations. In the event any unmarked human burial remains are discovered, pursuant to Florida Statute Chapter 872.05, all activity that may disturb the unmarked burial shall cease immediately, and the district medical examiner shall be notified. Such activity shall not resume unless specifically authorized by the district medical examiner or State Archaeologist. The Broward County medical examiner can be notified at either 954-357-5200 or med_exam_trauma@broward.org.

This plat with the amended note satisfies the solid waste disposal concurrency requirement of Section 5-182(h) of the Land Development Code. In addition, this request represents no change in trips. The plat is located within the Port/Airport Transportation Concurrency Management District and meets the regional transportation concurrency standards specified in Section 5-182(a)(5)(a) of the Broward County Land Development Code. No impact fees will be due for the proposed conservation area and road as no trips are generated.

Staff recommends **APPROVAL** of this request, provided the applicant:

- 1) Prior to the recordation of the resolution amending the note on the face of the plat, the applicant shall vacate the 70-foot private access easement (Plat Book 153, Page 31) located along the western plat limits.
- 2) Records a document acceptable to the County Attorney's Office to vacate the private access easement per Highway Construction and Engineering Division, comment No. 1 from attached document.
- 3) Records a document acceptable to the County Attorney's Office to amend the note on the face of the plat prior to **August 14, 2019**.

The amended note must also include language stating the following:

Any structure within this plat must comply with Section 2B.1.f, Development Review requirements, of the Broward County Land Use Plan, regarding hazards to air navigation.

- A) If a building permit for a principal building (excluding dry models, sales and construction offices) first inspection approval are not issued by **August 14, 2023**, then the County's finding of adequacy shall expire and no additional building permits shall be issued until such time as Broward County shall make a subsequent finding that the application satisfies the adequacy requirements set forth within the Broward County Land Development Code. The owner of the property or the agent of the owner shall be responsible for providing evidence to Broward County from the appropriate governmental entity, documenting compliance with this requirement within the above referenced time frame; and/or

- B) If construction of project water lines, sewer lines, drainage, and the rock base for internal roads have not been substantially completed by **August 14, 2023**, then the County's finding of adequacy shall expire and no additional building permits shall be issued until such time as Broward County shall make a subsequent finding that the application satisfies the adequacy requirements set forth within the Broward County Land Development Code. The owner of the property or the agent of the owner shall be responsible for providing evidence to Broward County from the appropriate governmental entity, documenting compliance with this requirement within the above referenced time frame.

In addition, staff recommends that the Board authorize the Mayor to sign an order approving this agenda item subject to staff findings, comments and recommendations.

Finally, the applicant is advised that, in accordance with Section 125.022, Florida Statutes, the issuance of a development permit by the County does not in any way create any rights on the part of the applicant to obtain a permit from a state or federal agency and does not create any liability on the part of the County for issuance of the permit if the applicant fails to obtain requisite approvals or fulfill the obligations imposed by a state or federal agency or undertakes actions that result in a violation of state or federal law.

120-MP-90
Port Everglades
Plat No. 12

Prepared by: Planning and Development Management Division
Date Flown: January 2017

TO: Josie P. Sesodia, AICP, Director
Broward County Planning and Development Management Division

FROM: Barbara Blake Boy, Executive Director 

RE: Delegation Request for Port Everglades Plat No. 12
(120-MP-90) City of Hollywood

DATE: April 19, 2018

Planning Council staff has reviewed the proposed revision to the restrictive note on the above referenced plat. The proposal is to change the restrictive note on the plat as follows:

FROM: This plat restricted to industrial use only.

TO: Parcel A-1 is restricted to roads; and Parcel A-2 is restricted to a conservation easement.

The Future Land Use Element of the City of Hollywood Comprehensive Plan is the effective land use plan for the City of Hollywood. That plan designates the area covered by this plat for the uses permitted in the "Transportation" land use category. This plat is generally located on and east of Southeast 18 Avenue, between Eller Drive and Southeast 38 Street.

The proposed road use and the proposed conservation easement are in compliance with the permitted uses of the effective land use plan.

The contents of this memorandum are not a judgment as to whether this development proposal complies with the Broward County Trafficways Plan, local zoning, other land development regulations or the development review requirements of the Broward County Land Use Plan including its concurrency requirements.

RESOLUTION NO.

R-2018-052

A RESOLUTION OF THE CITY COMMISSION OF THE CITY OF HOLLYWOOD, FLORIDA, APPROVING AMENDMENTS TO THE PLAT NOTATIONS FOR "PORT EVERGLADES PLAT NO. 7", "PORT EVERGLADES PLAT NO. 11", AND "PORT EVERGLADES PLAT NO. 12" TO REVISE THE RESTRICTIVE NOTE ON EACH OF THE PLATS TO REFLECT THE EXISTING AND PROPOSED FUTURE USES THEREON.

WHEREAS, Broward County's Port Everglades is the owner of the parcels within "Port Everglades Plat No. 7" (Plat No. 7) and "Port Everglades Plat No. 11" (Plat No. 11), and the Florida Department of Environmental Protection ("FDEP") is the owner of the parcels within "Port Everglades Plat No. 12" (Plat No. 12); and

WHEREAS, in accordance with its Five Year Port Everglades Master Plan, Broward County Port Everglades ("Port Everglades") is undertaking the Southport Turning Notch Extension and Crane Infrastructure Improvements Project within the Southport Section of Port Everglades; and

WHEREAS, Port Everglades and FDEP are requesting amendments to the concurrency notations to reflect the existing and intended proposed future uses for the above referenced platted properties, together with the separation of the concurrency notation uses for the parcels within each of the Platted properties; and

WHEREAS, Port Everglades and FDEP, following the recommendation by the Broward County Planning and Development Management Division, desires to amend the current concurrency notations on the three Plats as follows:

As to "Port Everglades Plat No. 7":

From: "This Plat is restricted to 69,700 square feet of Industrial Use (60,000 square feet proposed and 9,700 square feet existing)."

To: "Parcel A-1 is restricted to 88,288 square feet of Cruise Terminal Use and 69,700 square feet of Industrial Use (see attached legal description for Parcel A-1 in Exhibit 'A-Plat 7')."

"Parcel A-2 is restricted to a Conservation Easement (see attached legal description for Parcel A-2 in Exhibit 'A-Plat 7')."

As to "Port Everglades Plat No.11":

From: "This Plat is restricted to Container Transfer Facilities Use only."

To: "Parcel A-1 is restricted to a Container Transfer Facilities Use with 309,918 square feet of Industrial Use (see attached legal description for Parcel A-1 in Exhibit 'A-Plat 11')."

"Parcel A-2 is restricted to a Conservation Easement (see attached legal description for Parcel A-2 in Exhibit 'A-Plat 11')."

As to "Port Everglades Plat No. 12":

From: "This Plat is restricted to Industrial Use only."

To: "Parcel A-1 is restricted to Roads (see attached legal description for Parcel A-1 in Exhibit 'A-Plat 12')."

"Parcel A-2 is restricted to a Conservation Easement (see attached legal description for Parcel A-2 in Exhibit 'A-Plat 12')."

; and

WHEREAS, Article 6 of the City's Zoning and Land Development Regulations requires that the amendments to each of the Plat Notations be submitted to the City Commission for consideration and approval; and

WHEREAS, Port Everglades and FDEP intend to file the Plat amendment applications with Broward County for each of the three plats.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COMMISSION OF THE CITY OF HOLLYWOOD, FLORIDA:

Section 1: That the foregoing "WHEREAS" clauses are ratified and confirmed as being true and correct and are incorporated into this Resolution.

Section 2: That it approves the amendments to the Plat Notations within "Port Everglades Plat No. 7", "Port Everglades Plat No. 11", and "Port Everglades Plat No. 12" as set forth above.

"PORT EVERGLADES PLAT NO. 7", "PORT EVERGLADES PLAT NO. 11" AND
"PORT EVERGLADES PLAT NO. 12" PLAT NOTE AMENDMENTS

Section 3: That this Resolution shall be in full force and effect immediately upon its passage and adoption.

PASSED AND ADOPTED this 21 day of February, 2018.

JOSH LEVY, MAYOR

ATTEST:

PATRICIA A. CERNY, MMC

MEMORANDUM

DATE: July 11, 2018

TO: Josie Sesodia, Director
Planning and Development Management Division

FROM: David (D.G.) McGuire, Project Manager
Plat Section, Highway Construction and Engineering Division

Noemi Hew, Planner
Transportation Department, Service Development

SUBJECT: Delegation Request: Note Amendment
Port Everglades Plat No. 12 (120-MP-90)

The Highway Construction and Engineering Division and the Transportation Department, Transit Division have reviewed the application for modifications to the conditions of plat approval for the subject plat. In part, the application is a request to amend the note amendment indicated on the plat. Our review included the information contained in the application, the property survey, the site plan (or conceptual access plan), the recorded plat, and the Development Review Report approved by the County Commission. Our review also included changes to the adjacent roadways and changes on the adjoining properties.

As a result of our review, staff has determined that new and amended plat requirements are necessary to ensure safe and adequate access between the adjoining Trafficway(s) and plat to comply with the adequacy standards of the Broward County Land Development Code. Staff recommends APPROVAL of the proposed Note Amendment subject to the following:

DECLARATION OF A RESTRICTIVE COVENANT FOR A PRIVATE PAVED ROADWAY

1. Prior to the recordation of the resolution modifying the note on the face of the plat, the applicant shall vacate the 70-foot private access easement located along the western plat limits.
2. The developer shall vacate the previously noted easement within 18 months of approval of this Delegation Request. Failure to complete this process within the 18-month time frame shall render the approval of this Delegation Request null and void.

dgm

**ENVIRONMENTAL REVIEW AND COMMENTS REPORT
TO THE PLANNING AND DEVELOPMENT MANAGEMENT DIRECTOR**

Application: Delegation Request (To amend the note to bifurcate the plat into two parcels, where Parcel A-1 is restricted to roads, and Parcel A-2 is restricted to a conservation area.)
File Number: 120-MP-90
Project Name: Port Everglades Plat No. 12
Comments Due: April 18, 2018
Development Type: Road and Conservation Area.

The Planning and Development Management Division of the Broward County Environmental Protection and Growth Management Department (EPGMD) has coordinated with other Divisions in this Department along with the County Health Department to provide the following comments on the above referenced plat:

Surface Water Management

This plat is located in the City of Hollywood and is under the jurisdiction of the Water and Environmental Licensing Section of the Broward County Environmental Engineering and Permitting Division. Surface water management plans for this plat must meet the criteria contained in Chapter 27 - Article V of the Broward County Code of Ordinances. A surface water management license from the Water and Environmental Licensing Section of the Broward County Environmental Engineering and Permitting Division will be required prior to any construction.

Potable Water Review

This plat is restricted to roads and conservation area. No development is proposed for this plat, therefore, no water or sewage usage is created. Health Department staff state there is no approved potable water system or approved sewage treatment plan to serve the site at this point in time.

Wastewater Review

Wastewater Treatment Plant:	G.T. Lohmeyer
Flow Data:	As of 03/18
EPGMD Licensed Capacity	48.0000 MGD
12 Month Average Flow:	38.8800 MGD
Existing Flow Reserved by Building Permit:	1.3700 MGD
Total Committed Flow:	40.2500 MGD
Estimated Project Flow:	N/A MGD

In accordance with Section 5-182(g) of the Broward County Land Development Code, to date the existing wastewater treatment and disposal facility has sufficient plant capacity to provide for the wastewater treatment and disposal needs of the development proposed by this application.

The applicant is advised that a Wastewater Collection/Transmission System License will be required prior to constructing, expanding, or altering either a gravity sanitary sewer, a sanitary force main, or a pump station. Wastewater receiving lift stations and force mains are critical components of the conveyance system. Accordingly, adequate capacity for this project will need to be demonstrated of the receiving off-site sanitary sewer conveyance system. Contact the Water and Environmental Licensing Section of the Environmental Engineering and Permitting Division at 954-519-1483.

Page 2
120-MP-90 PORT EVERGLADES PLAT NO. 12

Natural Resources Preservation

This plat is not located in a wellfield zone of influence as described in the Broward County Wellfield Protection Ordinance 84-60, as amended, and as incorporated into Broward County Code of Ordinances, Chapter 27, Article XIII.

Review of available information by staff of the Water and Environmental Licensing Section of the Broward County Environmental Engineering and Permitting Division indicates that, at this time, there are no wetlands within the boundaries of the plat. Therefore, a Conceptual Dredge and Fill Review Report is not required. Based upon the present conditions within the site, filling of the land area will not require an Environmental Resource License. Other activities, e.g., lake or canal excavation, regulated under Article XI of the Natural Resource Protection Code may require a license. The applicant is encouraged to contact the Water and Environmental Licensing Section at 954-519-1483 at the earliest time to determine if, and what type of, license may be required prior to undertaking surface disturbing activities.

The Water and Environmental Licensing Section of the Environmental Engineering and Permitting Division encourages all invasive exotic vegetation including Melaleuca, Brazilian-pepper, Australian pine and others as listed in the Exotic Pest Plant Council's List of Florida's Most Invasive Species to be removed during the development process, and a management plan may be necessary to control re-invasion of same. In addition, landscape material should not include any plants considered to be invasive of south Florida's native plant communities. The Exotic Pest Plant Council's List of Florida's Most Invasive Species is available from the Water and Environmental Licensing Section.

Review of aerial photographs indicates that the subject site contains tree canopy. Development of the site must comply with the Tree Preservation Regulations of the City of Hollywood if trees are to be removed or relocated. The applicant is encouraged to minimize the number of trees to be removed by incorporating existing trees in the site plan. If trees cannot be incorporated into the site plan in their current location, the applicant is encouraged to relocate trees, especially those of specimen size and quality.

This site is not included in the Protected Natural Lands Inventory; however, it is adjacent to Port Everglades Mangrove Preserve, which is included in the Protected Natural Lands Inventory. The applicant is advised that this plat must not propose any development that may have a negative impact upon the continued preservation of the Natural Land. The Protected Natural Lands Inventory is a comprehensive database of public and private native vegetative communities that have been protected through acquisition or regulatory mechanisms and are managed for conservation purposes. The inventory, which provides information regarding the ownership and management of each of the Protected Natural Lands, may be accessed at the following website:

<http://bcgis.maps.arcgis.com/apps/OnePane/basicviewer/index.html?appid=85f453365417459f8ba45fa6e5dddb9c>

Additional Comments Addressing Certain Environmental Protection Actions Needed to Implement the Project

1. An Environmental Resource License may be required for any activities regulated under Article XI of the Natural Resource Protection Code. Contact the Water and Environmental Licensing Section of the Environmental Engineering and Permitting Division at 954-519-1483 for specific license requirements.

Page 3
120-MP-90 PORT EVERGLADES PLAT NO. 12

2. Any discharges to ground or surface waters, excluding stormwater, will require review and approval by the Water and Environmental Licensing Section of the Environmental Engineering and Permitting Division prior to discharge.
3. The subject plat is in the vicinity of a known contaminated site and the following should be noted: For any site that overlies or contains potential or actual sources of pollution to ground or groundwater, the Environmental Engineering and Permitting Division's approval of an application for a building permit or approval to construct or alter shall not be granted until the Environmental Assessment and Remediation Section of the Environmental Engineering and Permitting Division is satisfied that the construction or alteration will not interfere with the cleanup of the contaminants on site [Section 27-66(h) Broward County Code of Ordinances]. It should also be noted that the Environmental Assessment and Remediation must approve any dewatering activities at this site.

Be advised that approval of a plat note amendment does not infer any approval to connect to any wastewater collection, treatment, or disposal system. Nor does it infer that sufficient capacity will exist at time of Building Permit approval. Connections to such systems are approved by the Environmental Engineering and Permitting Division as a prerequisite to, and just prior to, approval of Building Permits by the appropriate Building Department for any structures that are to be built on the platted site. These comments do not indicate a waiver or approval of any license or permit that is, or may be, required for any aspect of the project.

Application to Amend or Revise Level of Approved Development

INSTRUCTIONS

This form is used to apply for amendments or revisions to the current level of development previously approved. For your application to be officially accepted for processing and scheduled for a County Commission meeting, you must complete this application in full. The owner/agent certification (on the reverse side of this form) must be signed and notarized with the appropriate required documentation attached. Please type this application or print legibly in black ink.

PROPOSED CHANGES

Use this space below to provide the following information and clearly describe the proposed changes you are requesting. Be sure to include the current level of development. (Attach additional sheet if necessary.)

Current note for entire plat This Plat is restricted to industrial use only.

Proposed note for entire plat Parcel A-1 is restricted to roads and Parcel A-2 is restricted to conservation easement.

PLEASE ANSWER THE FOLLOWING QUESTIONS

Has flexibility been allocated or is flexibility proposed to be allocated under the County Land Use Plan?
 Yes No Don't Know
 If YES, consult Policy 13.01.10 of the Land Use Plan. A compatibility determination may be required.

Is any portion of this plat currently the subject of a Land Use Plan Amendment (LUPA)? Yes No
 If YES, provide LUPA number: _____

Does the note represent a change in TRIPS? Increase Decrease No Change
 Does the note represent a major change in Land Use? Yes No

Will project be served by an approved potable water plant? If YES, state name and address. Yes No

Will project be served by an approved sewage treatment plant? If YES, state name and address Yes No

Are on-site wells for potable water currently in use or proposed? Yes No
 If YES, see page 2 of this form for additional required documentation.

Are septic tanks current in use or proposed? Yes No
 If YES, see page 2 of this form for additional required documentation.

Estimate or state the total number of on-site parking spaces to be provided SPACES N/A

Number of seats for any proposed restaurant or public assembly facility, including places of worship SEATS N/A

Number of students for a daycare center or school STUDENTS N/A

Reasons for this request (Attach additional sheet if necessary.) Plat Note Amendment

FOR APPLICATIONS PROPOSING INDUSTRIAL USE(S) - SUPPLEMENTAL REQUIREMENT

Proposed industrial plat notes which abut residential land use categories or are separated from a residential land use plan category by rights-of-way, easements, canals or lakes with a width of 100 feet or less must submit written documentation from the municipality stating how the City will address compatibility between the proposed industrial use(s) and the residential land use plan category. Industrial uses include manufacturing, assembly, processing, indoor and outside storage, warehouse, distribution, excavation and landfills. Residential land use plan categories include all residentially named categories plus Agricultural, Rural Ranches, Rural Estates, TOC, TOD, RAC and LAC. Please consult with Planning and Development Management staff if you have any questions.

Please see reverse side for Required Documentation and Owner/Agent Certification

REQUIRED DOCUMENTATION: Submit one (1) original of each document and electronic copy of each item listed below. Each document listed below must also be submitted electronically as a separate pdf on a CD, flash drive, etc.

- Recorded or approved plat.
- Letter of approval from the applicable municipality, dated within six (6) months of this application, specifically stating the precise note language. If the property is located within a Development of Regional Impact (DRI), the letter shall also indicate if the proposed note is consistent with the approved DRI Development Order.
- Current letter is required from the appropriate utility service area stating the location of the closest approved potable water line and/or sanitary sewer line and the exact distance to the property if on-site wells for potable water and/or septic tanks that are currently in use or proposed.
- Signed and sealed sketch and legal description for any new parcel or tract created by the application.
- A check for the application fees made payable to: Broward County Board of County Commissioners. Please consult the Development Permit Application Fee Schedule.

School Concurrency Submission Requirements

- RESIDENTIAL APPLICATIONS ONLY: Provide a receipt from the School Board documenting that a Public School Impact Application (PSIA) and fee have been accepted by the School Board.

REQUIRED DOCUMENTATION FOR EXISTING BUILDINGS

Are there any existing structures on the plat and/or parcel that is currently being amended? Yes or No? If "Yes," you are required to submit documentation providing evidence of the use, size (gross sq. ft.), unit type, and bedroom number as well as complete the table below. Please be advised that gross non-residential square footage includes permanent canopies and overhangs for gas stations, drive thru facilities, and overhangs designed for outdoor tables at a restaurant. A building is defined by the definition in the Land Development Code.

LAND USE	Gross Building sq. ft.* or Dwelling Units	Date Last Occupied	EXISTING STRUCTURE(S)		
			Remain the same?	Change Use?	Has been or will be demolished?
N/A					

The following are examples of documentation that may be used to confirm the existence of buildings on the plat and/or parcel:

- An "as built" survey prepared within six (6) months of this application showing the existing buildings.
- A copy of the latest approved site plan showing the existing buildings along with evidence from the municipality documenting that site plan is the latest approved site plan.
- If the existing structures are residential, evidence will be required of the bedroom mix and unit type. A letter from the city and or copies of permit records may be acceptable forms of evidence.
- Other evidence may be accepted if it clearly documents the use and gross square footage of the existing buildings.
