Robert C. Jacob, Jr.
Foreign-Trade Zone Operator
Broward County's Department of Port Everglades – Business Administration Division
1850 Eller Drive
Fort Lauderdale, FL 33316

Dear Mr. Jacob:

Florida Power and Light Company ("FPL") owns two fuel oil storage tanks identified as Tank No. 901 and Tank No. 902 (the "Tanks"), as well as related pumps, valves, and receiving and transfer pipelines (together with the Tanks, the "Facility") located in Port Everglades, Broward County, Florida. The Facility address is 3100 S.E. 14th Avenue, Fort Lauderdale, FL 33316. FPL consents to the Facility being designated as a Foreign Trade Zone ("FTZ"). The Facility was previously included in FTZ Subzone Site #25C under TransMontaigne as the Subzone Operator, but has since been deactivated from that Subzone. The Facility will now be included in FTZ Subzone Site #25D under Motiva Enterprises LLC ("Motiva") as the Subzone Operator. Please let me know if there is anything else I need to do to effectuate this change or if you have any questions. Thank you in advance for your assistance in this matter.

Sincerely,

A handwritten signature in black ink, appearing to read 'Gerry Yupp', written in a cursive style.

Gerry Yupp
Senior Director, Wholesale Operations
Florida Power and Light Company
