**FIRST AMENDMENT TO  
EDUCATIONAL MITIGATION AGREEMENT  
IN CONNECTION WITH BROWARD COUNTY  
LAND USE TEXT AMENDMENT PCT 05-4  
AS AMENDED BY PCT 15-4**

**THIS FIRST AMENDMENT TO EDUCATIONAL MITIGATION AGREEMENT** ("2018 Amendment") made this \_\_\_\_ of \_\_\_\_\_, 2018, and entered into by and between:

**THE CITY OF MIRAMAR**, a municipal corporation, its successors and assigns, with an address of 2300 Civic Center Place, Miramar, FL 33025, ("City"),

AND

**BROWARD COUNTY**, a political subdivision of the State of Florida, with an address of 115 South Andrews Avenue, Fort Lauderdale, Florida 33301 ("County"),

AND

**THE SCHOOL BOARD OF BROWARD COUNTY, FLORIDA**, a body corporate and political subdivision of the State of Florida, with an address of 600 Southeast 3<sup>rd</sup> Avenue, Fort Lauderdale, Florida 33301 ("School Board").

**WITNESSETH:**

**WHEREAS**, the City filed an initial land use plan text amendment application for the entire 2,205 acres of the development known as Miramar Regional Activity Center ("MRAC"), as more particularly described on **Exhibit "A"** ("MRAC Property"), ("PCT 05-4") for 2,000 additional residential units on the MRAC Property ("PCT 05-4 Units"). In connection with PCT 05-4, the City

entered into an Educational Mitigation Agreement between the City, the School Board, and County recorded in Book 42694, Pages 1999 - 2027 of the Official Records of Broward County, Florida which required payment of the higher of student station cost factors fees or school impact fees per dwelling unit for the PCT 05-4 Units (“**2006 School Agreement**”); and

**WHEREAS**, prior to PCT 05-4, 5,460 residential units were originally permitted for residential development on the MRAC Property pursuant to the MRAC (“**Pre PCT 05-4 Units**”). These originally permitted units were subject to school impact fees; and

**WHEREAS**, a second land use plan text amendment application for the MRAC Property (“**PCT 15-4**”) added 1,250 dwelling units (reviewed as all three or more-bedroom garden apartment at the request of the Broward County Planning Council) (“**New Units**”);

**WHEREAS**, the owner of the New Units has advised the City that they agree to restrict the New Units to 930 garden apartments (290 one bedroom, 496 two bedroom, and 144 three or more bedroom) and 320 midrise units (142 one bedroom and 178 two or more bedroom); and

**WHEREAS**, since approval of the 2006 School Agreement, the County and the City, in conjunction with the School Board, have adopted public school concurrency regulations which require all new residential development to comply with development review criteria for public school concurrency which will necessitate public school concurrency review either at the plat or site plan (or functional equivalent) stage of development review; and

**WHEREAS**, Chapter 5, Article IX, Broward County Code of Ordinances, requires that no application for a building permit shall be accepted by the County or by any municipality without documentation that a finding of adequacy of school sites and facilities has been made by the County; and

**WHEREAS**, all of the PCT 05-4 Units shall continue to be bound by the 2006 School Agreement and the requirements contained therein including the payment of the higher of student station cost factors fees or school impact fees prior to environmental review approval of construction plans by the Broward County Planning and Development Management Division; and

**WHEREAS**, City agrees that the owner(s) of New Units in the MRAC Property shall mitigate the impact of students anticipated from the development of the New Units in the MRAC pursuant to this 2018 Amendment and the owner(s) of the applicable PCT 05-4 Units in the MRAC Property will continue to mitigate the impacts of the PCT 05-4 Units pursuant to 2006 School Agreement; and

**WHEREAS**, the School District’s Facility Planning and Real Estate Department issued a School Consistency Review Report (SBBC-1865-2015) for the New Units dated August 20, 2015, regarding PCT 15-4, a copy is attached hereto as **Exhibit B**; and

**WHEREAS**, of the 5,460 Pre PCT 05-4 Units allowed in the MRAC, 109 dwelling units remain unbuilt and of the 2000 PCT 05-4 Units, 880 units remain unbuilt. The already constructed 5,351 Pre PCT 05-4 dwelling units and the already constructed 1,120 PCT 05-4 dwelling units shall be referred to collectively “**Existing Units**”; and

**WHEREAS**, the remaining 880 unbuilt PCT 05-4 units consist of

- (i) 577 garden apartments and
- (ii) 303 townhomes units (“Unbuilt PCT 05-4 Units”); and

**WHEREAS**, the remaining 109 unbuilt Pre PCT 05-4 units consist of

- (i) 22 garden apartments and
- (ii) 87 townhome units (“Unbuilt Pre PCT 05-4 Units”); and

**WHEREAS**, the 1,250 New Units are proposed to consist of

- (i) 930 garden apartments (290 one bedroom, 496 two bedroom, and 144 three bedroom); and
- (ii) 320 midrise units (142 one bedroom and 178 two or more bedroom); and

**WHEREAS**, as a condition for approval of PCT 15-4, the City was required to amend the 2006 School Agreement with the School Board and County to recognize the incorporation of the New Units and reflect the students anticipated from the New Units, and to enable legal enforcement of the commitment made by the then owner(s) of the New Units before any building permits can be issued for the New Units in the MRAC; and

**WHEREAS**, in connection with PCT 15-4 the City, County, and School Board are desirous of amending the 2006 School Agreement upon the terms and provisions as hereinafter set forth.

**NOW, THEREFORE**, in consideration of the foregoing premises and the promises and covenants contained herein, and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties agree:

1. The foregoing recitals set forth above are true and correct and are incorporated herein by this reference.

2. The City, County and School Board do hereby confirm, ratify and reaffirm the covenants, restrictions and obligations contained in the 2006 School Agreement.

3. This 2018 Amendment shall be deemed part of, but shall take precedence over and supersede any provisions to the contrary contained in the 2006 School Agreement.

4. The City has issued building permits for the Existing Units and the appropriate school mitigation fees have been paid and satisfied for the Existing Units.

5. At the time of building permit review, the City shall identify the pool of units that the proposed units will be drawn from. Unbuilt Pre PCT 05-4 units may be allotted at any time. In the event the type of unit is the same between the Unbuilt PCT 05-4 Units and the New Units, the Unbuilt PCT 05-4 Units shall be allotted prior to the same type of New Units, provided that there is a sufficient amount of the type of units being permitted in the Unbuilt PCT 05-4 pool of units. The City shall allocate the New Units when the same type of Unbuilt PCT 05-4 unit pool are exhausted or there is not a sufficient number of units in the Unbuilt PCT 05-4 unit pool for the proposed development.

6. The City, County and School Board acknowledge the total 1,250 permitted residential dwelling units within the MRAC as specified in the County approved (reviewed as all three or more bedroom garden apartment at the request of the Broward County Planning Council) Land Use Plan Amendment PCT 15-4. The City has been advised that the owner of the New Units restricts the 1,250 New Units to 930 garden apartments (290 one bedroom, 496 two bedroom, and 144 three or more bedroom) and 320 midrise units (142 one bedroom and 178 two or more bedroom). Any application for the Unbuilt PCT 05-4 Units shall be subject to the imposition of educational mitigation in the manner set forth in 2006 School Agreement and any application for the New Units shall be subject to the imposition of educational mitigation in the matter set forth in this 2018 Amendment. The City shall: (a) require that all New Units be assessed the higher of student station cost factor fees, or school impact fees on a site specific project basis, consistent with the terms of this 2018 Amendment on a site specific project basis, with the actual amount due shall being determined by the County at time of payment and is received by the County; (b) monitor and make certain that development within the MRAC will be built as specified herein for residential type and mix, and (c) monitor and make certain that the development of New Units comply with this 2018 Amendment.

7. Based on the currently effective Student Generation Rates contained in the Broward County Land Development Code (BCLDC) Table attached hereto as **Exhibit C**, the New Units, consisting of 930 garden apartments (290 one bedroom, 496 two bedroom, and 144 three bedroom) and 320 midrise units (142 one bedroom and 178 two or more bedroom) are anticipated to generate a total of 199 students consisting of 105 elementary school students, 48 middle school students and 46 high school students into Broward County Public Schools.

8. The then owner(s) of the New Units shall provide written notification to the Director of the School Board Facility Planning and Real Estate Department or their designee (“Director”) as provided herein, upon site plan or plat approval of any residential project authorized pursuant to Amendment PCT 15-4. Notification shall include project location and number and type of units approved in the site plan or plat and shall be confirmed by the City at the time of a building permit being issued.

9. Prior to the issuance of a building permit for construction any of one of the New Units, the City shall verify that the then owner(s), applicant and/or developer has paid the applicable student station cost factor fees or impact fees for the residential units being permitted as set forth herein. Failure to verify and ensure payment of the student mitigation fees prior to issuance of a building permit shall constitute a default of this 2018 Amendment. Nothing herein shall waive or affect the right of the County and/or School Board to otherwise require the then owner(s) of the New Units to comply with the conditions of Amendment PCT 15-4 or this 2018 Amendment by any remedy provided by law or equity.

10. The student station cost factors fees per dwelling unit for each of the New Units shall be an amount derived from the cost per student station using the current Student Station Cost Factors as determined, published and amended by the State of Florida for elementary, middle, and high school students, and the associated per dwelling unit cost as calculated by the School Board. Based on the calculation utilizing the State of Florida Student Station Cost Factors, published July 2017 and attached hereto as **Exhibit D**. The per dwelling unit cost for the New Units would be \$3,932 for December 2017, which may change from time to time. In no event shall the student station cost

factors fees assessed per dwelling unit be less than the applicable Educational Impact Fee for the type of unit. The actual per unit cost amount due shall be determined at the time of payment and based upon the then Broward County Educational Impact Fee schedule.

11. In the event that the total number of units change from what is represented herein and there is an increase in the number of units or a change in unit type(s) for the New Units the then current owner(s) agrees to provide written notification to the Director, with a copy to the Broward County Planning and Development Management Division. The Director, or designee, shall determine the additional students anticipated from any change in the residential type or increase in residential units beyond the New Units contemplated herein and shall notify the then current owner(s) and the County of any further increase in the number of anticipated students. If it is determined upon review that additional students would be generated by the change proposed to the approved development level reflected herein, and that excess permanent capacity would not be available to accommodate the anticipated additional students, the then current owner(s) shall propose additional mitigation for the newly anticipated additional students consistent with the terms of this 2018 Amendment and subject to the terms and provisions contained in the adopted School Board Growth Management Policy. In the event that changes in the overall mix of residential units for the New Units that result in a net reduction in the amount of units, no refund of any portion of the school impact and/or mitigation fees shall be due and owing to the City by the County or the School Board. In the event that changes in the overall mix of residential units for the New Units does not result in an increase to the 199 students generated from the New Units, then no amendment to this 2018 Amendment will be required.

12. The Unbuilt Pre PCT 05-4 Units shall be subject to student impact fees.

13. EFFECTIVE DATE. This 2018 Amendment shall become effective upon its recording in the Public Records of Broward County, Florida (“Effective Date”) and the provisions hereof shall constitute a covenant running with the land and shall remain in full force and effect and binding upon the undersigned, their heirs, legal representatives, successors, grantees and assigns until released as provided herein.

14. NOTICE. Whenever any of the parties desire to give notice to the other, such notice must be in writing, sent by U.S. Mail, postage prepaid, addressed to the party for whom it is intended at the place last specified; the place for giving of notice shall remain such until it is changed by written notice in compliance with the provisions of this paragraph. ### Comments

Information contained in the application indicates that the approximately 2,205-acre site is generally located south of Pembroke Road between Flamingo Road and SW 101st Avenue in the City of Miramar. The site is subject to a Tri-Party Educational Mitigation Agreement related to a previously approved Land Use Plan Amendment (LUPA) PCT 05-4 (consisting of 550 townhouse and 1,450 garden apartment units), which requires payment of student station cost factors per dwelling unit. Additionally, 5,460 residential units (consisting of 781 single family, 1466 townhouse, and 3,213 garden apartment units) were permitted on the site before LUPA PCT 05-4 was approved. The applicant proposes to add an additional 1,250 garden apartment (all three or more bedroom) units via LUPA PCT 15-4 without changing the current land use designation Regional Activity Center (RAC), resulting in a total of 8,710 residential units in the RAC. The additional 1,250 units as proposed are anticipated to generate 536 additional students (241 elementary, 141 middle, and 154 high) into Broward County Public Schools.

This application was reviewed based on its location in the School District's Long Range Seven Planning Areas, and Ten-Year Long Range Plan contained in the Adopted District Educational Facilities Plan (DEFP). However, the statistical data regarding the Level of Service (LOS) standard status of the actual schools impacted by this land use application in the initial five years of the ten-year period is depicted herein for informational purposes only.

Schools serving the amendment site in the 2014-15 school year are Coconut Palm Elementary, Sea Castle Elementary, New Renaissance Middle, Everglades High, and Miramar High. Based on the District's Public School Concurrency Planning Document, all the schools are operating below the adopted LOS of 100% of gross capacities in the 2014-15 school year. Incorporating the cumulative students anticipated from approved and vested developments anticipated to be built within the next three years (2014-15 - 2016-17), all schools are expected to operate below the adopted LOS of 100% of gross capacities through the 2016-17 school year. It should be noted that the school capacity or Florida Inventory of School Houses (FISH) for the impacted schools reflects compliance with the class size constitutional amendment and the permanent capacity additions that are planned for the schools within the first three years of the Five-Year Adopted DEFP, FY 2014-15 - 2018-19. Also, to ensure maximum utilization of the impacted Concurrency Service Areas, the Board may utilize other options such as school boundary changes to accommodate students generated from developments in the County. Charter schools located within a two-mile radius of the subject site in the 2014-15 school year are depicted herein.

Capital Improvements scheduled in the long range section (2019-20 to 2023-24) of the currently Adopted DEFP Fiscal Years 2014-15 - 2018-19 regarding pertinent impacted schools are depicted above. Based on the School District's Seven Long Range Planning Areas, the amendment site is located within School District Planning Area "F" and the elementary, middle, and high schools currently serving Planning Area "F" and their cumulative student enrollments, cumulative capacities, and pertinent student enrollment projections are depicted herein. Therefore, Planning Area "F" is anticipated to have sufficient excess capacity to support the students generated by the residential units proposed in the Planning Areas.

Please be advised that the mitigation for the student impact anticipated from previously approved application LUPA PCT 05-4 is addressed in the Educational Mitigation Agreements between Broward County, the City of Miramar, and the School Board of Broward County, Florida. Since the application for LUPA PCT 15-4 adds more residential units to the RAC site, the existing Agreements must be amended to address the anticipated students from the proposed additional units. Therefore, staff recommends that approval of LUPA PCT 15-4 should be conditioned upon amendment of the Agreements to address students anticipated from additional units proposed.

Please be advised that if approved, the units from this project will be subject to a public school concurrency review at the plat, site plan (or functional equivalent) phase of development review, whichever comes first.
