**RE:** **Status Regarding Proposed Amendment to Living Wage Ordinance**  
**CAO File: 17-026**

On November 14, 2017, the Board directed this Office and County Administration to further analyze a potential amendment to the County's Living Wage Ordinance. The legal issues are straightforward, and we have completed our analysis. County Administration is continuing to analyze the more substantial and complex financial and operational aspects of this issue.

Senior Assistant County Attorney Adam Katzman and I are available to discuss our legal analysis with you at your convenience. We are also prepared to promptly draft a proposed ordinance amendment upon receipt of further direction.

In the interim, please feel free to contact Adam (ext. 7608) or me with any questions or concerns.
