As soon as the grant is approved, we'll work on the grant immediately and overnight it to you (hopefully in your hand by the 17th since the 15th is a Saturday).

I think I have another option available so executing won't be an issue. But will the grant be overnighed on the 14th?

So the execution date has to be by the 18th?

Right now, we don't have a new deadline. The 18th is still the deadline we've been given.

So is there any way to add the noise grant to the board agenda or possibly put a condition that any grant received after the 13th meeting can be accepted and executed?

The only two meetings in September are the 13th and 25th. We are past the deadline for the September 13th meeting.

When would the grant need to be executed by?

Priscilla

Priscilla,

The last word we had was that Sept. 18th is the last day to obligate grants (meaning it's executed by that date). We're hearing that the congressional announcement for the additional noise funds will not be until Sept. 14th.

Is there any possibility of a special board meeting to approve the grant the week of Sept. 17th?
