Environmental Protection and Growth Management Department  
Planning and Development Management Division  
DEVELOPMENT REVIEW REPORT

PROJECT DESCRIPTION

Name:	HOLLYWOOD STORAGE KING	Number:	004-MP-18
Applicant:	AGAP Hollywood, LLC	Comm. Dist.:	6
Agent:	Pulice Land Surveyors, Inc	Sec/Twp/Rng:	22/51/42
Location:	East Side of South 22 Avenue, Between Fletcher Street and Pembroke Road	Platted Area:	1.67 Acres
City:	Hollywood	Gross Area:	N/A
Replat:	N/A		

LAND USE

Existing Use:	19,994 Sq. Ft. Commercial Use	Effective Plan:	Hollywood
Proposed Use:	126,000 Sq. Ft. Self-Storage	Plan Designation:	Regional Activity Center. See attached comments from the Planning Council.
Adjacent Uses:		Adjacent Plan Designations:	
North:	Utilities	North:	Regional Activity Center
South:	Single-Family/Vacant	South:	Regional Activity Center (Hallandale)
East:	Commercial	East:	Regional Activity Center
West:	Commercial/Single-Family	West:	Commercial and Low (5) Residential
Existing Zoning:	C-2	Proposed Zoning:	C-2

RECOMMENDATION (See Attached Conditions)

**APPROVAL:** Subject to staff recommendations and conditions which shall assure compliance with the standards and requirements of Chapter 5, Article IX, of the Broward County Code of Ordinances.

Meeting Date:	11/13/18	Prepared:	HWC
Action Deadline:	01/08/19	Reviewed:	
Deferral Dates:		Approved:

HOLLYWOOD STORAGE KING  
004-MP-18

STAFF COMMENTS

- 1) Staff findings and recommendations pertaining to this plat are based on the use being 126,000 square feet of self-storage. This property is being platted because the plat boundaries are not specifically delineated on a recorded plat.
- 2) Trafficways approval is valid for 10 months. Approval was received on April 26, 2018.
- 3) This plat is located within a Transportation Concurrency Management Area. In accordance with Land Development Code amendments adopted April 26, 2005, transportation concurrency fees will be assessed and paid in accordance with the fee schedule specified in the ordinance during the review of construction plans submitted for County environmental review approval. These fees shall be based on the gross square footage of any building(s) as defined in the ordinance, including canopies and overhangs.
- 4) At the time of plat application, 19,994 square feet of commercial use existed on this site, which the applicant stated will be demolished. In accordance with the credit provisions of Section 5-182(a)(4) of the Land Development Code, this structure may be eligible for credit towards transportation concurrency fees, provided appropriate documentation is submitted and provided the demolition occurs within certain time periods. No credit will be granted for demolition occurring more than eighteen (18) months prior to the review of construction plans submitted for County environmental review approval.
- 5) This plat is not located in a Wellfield Zone of influence as described in the Broward County Wellfield Protection Ordinance 84-60, as amended, and as incorporated into Broward County Code of Ordinances, Chapter 27, Article XIII.
- 6) This plat is located in the City of Hollywood and is under the Jurisdiction of the Water and Environmental Licensing Section of the Broward County Environmental Engineering and Permitting Division. Surface water management plans for this plat must meet the criteria contained in Chapter 27 - Article V of the Broward County Code of Ordinances. The surface water management licensing requirements of the Water and Environmental Licensing Section of the Broward County Environmental Engineering and Permitting Division must be met prior to any construction.
- 7) The Water and Environmental Licensing Section of the Broward County Environmental Engineering and Permitting Division has advised that a Wastewater Collection/Transmission System License will be required prior to constructing, expanding or altering either a gravity sanitary sewer, a sanitary force main or a pump station, per Chapter 27, Article V of the Broward County Code of Ordinances regarding Water Resource Management. Wastewater receiving lift stations and force mains are critical components of the conveyance system. As part of the licensing process, adequate capacity will need to be demonstrated for the receiving off-site sanitary sewer conveyance system. The size and scope of flows for the

proposed domestic wastewater generation from this plat will likely be substantial and variable; this may impose additional needs for advance planning, permitting, and construction for both onsite and offsite components of the conveyance system. For additional information, contact the Water and Environmental Licensing Section at 954-519-1483.

- 8) Review of available information by staff of the Water and Environmental Licensing Section of the Broward County Environmental Engineering and Permitting Division indicates that, at this time, there are no wetlands within the boundaries of the plat. Therefore, a Conceptual Dredge and Fill Review Report is not required. Based upon the present conditions within the site, filling of the land area will not require an Environmental Resource License. Other activities, e.g., lake or canal excavation, regulated under Article XI of the Natural Resource Protection Code may require a license. The applicant is encouraged to contact the Water and Environmental Licensing Section at 954-519-1483 to determine if, and what type of, license may be required prior to undertaking surface disturbing activities.
- 9) The Water and Environmental Licensing Section encourages that all invasive exotic vegetation including Melaleuca, Brazilian-pepper, Australian pine and others as listed in the Exotic Pest Plant Council's List of Florida's Most Invasive Species be removed during the development process, and advises that a management plan may be necessary to control re-invasion of same. In addition, landscape materials should not include any plants considered to be invasive of South Florida's native plant communities. The Exotic Pest Plant Council's List of Florida's Most Invasive Species is available from the Water and Environmental Licensing Section of the Environmental Engineering and Permitting Division.
- 10) This site is not included in the Protected Natural Lands Inventory and is not adjacent to a site in the inventory. The Protected Natural Lands Inventory is a comprehensive database of public and private native vegetative communities that have been protected through acquisition or regulatory mechanisms and are managed for conservation purposes. The inventory, which provides information regarding the ownership and management of each of the Protected Natural Lands, may be accessed at the following website:  
<http://bcgis.maps.arcgis.com/apps/OnePane/basicviewer/index.html?appid=85f453365417459f8ba45fa6e5dddb9c>
- 11) Review of aerial photographs indicates that the subject site contains tree canopy. If trees are to be removed or relocated, development of the site must comply with the Tree Preservation regulations of the City of Hollywood. The applicant is encouraged to minimize the number of trees to be removed by incorporating existing trees in the site plan. If trees cannot be incorporated into the site plan in their current location, the applicant is encouraged to relocate trees, especially those of specimen size and quality.
- 12) An Environmental Resource License may be required for any activities regulated under Article XI of the Natural Resource Protection Code. Contact the Water and Environmental Licensing Section of the Environmental Engineering and Permitting Division at 954-519-1483 for specific license requirements.

Continued

- 13) Any discharges to ground or surface waters, excluding stormwater, will require review and approval by the Water and Environmental Licensing Section of the Environmental Engineering and Permitting Division prior to discharge.
- 14) A demolition notice of the existing commercial use will be required from the Broward County Air Licensing and Compliance Section of the Environmental Engineering and Permitting Division.
- 15) The subject plat is in the vicinity of known contaminated sites and the following should be noted: For any site that overlies or contains potential or actual sources of pollution to ground or groundwater, the Environmental Engineering and Permitting Division's approval of an application for a building permit or approval to construct or alter shall not be granted until the Environmental Assessment and Remediation Section of the Environmental Engineering and Permitting Division is satisfied that the construction or alteration will not interfere with the cleanup of the contaminants on site [Section 27-66(h) Broward County Code of Ordinances]. It should also be noted that the Environmental Assessment and Remediation must approve any dewatering activities at this site.
- 16) Plat approval does not infer any approval to connect to any wastewater collection, treatment, or disposal system. Nor does it infer that sufficient capacity will exist at time of building permit approval. Approval to connect to such systems is approved by the Environmental Engineering and Permitting Division as a prerequisite to, and just prior to, approval of building permits by the appropriate building department for any structures that are to be built on the platted site. These comments do not indicate waiver of approval of any other permit that may be required for other aspects of the project.
- 17) The information submitted with this request does not indicate the height for any buildings. The applicant is advised that any proposed construction on this property with a height exceeding 200 feet, use of cranes or other high-lift equipment must be reviewed to determine if Federal Aviation Regulation Part 77, Florida Statutes, Chapter 333 and/or the Broward County Airport Zoning Ordinance apply. Based on the location of the proposed project, the FAA may need to review to determine whether the project is a potential hazard to aviation. To initiate the Federal Aviation Review, access the FAA Web Page at: <http://oeaaa.faa.gov/oeaaa/external/portal.jsp>. For additional information, contact the Broward County Aviation Department at 954-359-6170.
- 18) Review of available information including archival documents, maps, the Broward County Land Use Plan, and the Florida Master Site File by the County's consulting archaeologist indicates that the proposed development is will not have an adverse effect on any known historical or archeological resources or areas of archeological or paleontological sensitivity. The archaeologist notes that this property is located in the City of Hollywood and outside the jurisdiction of Broward County Historic Preservation Ordinance 2014-32. The property owner/agent is advised to contact the City of Hollywood's Planning Department, at 954-921-3471 to seek project review for compliance with the municipal historic preservation regulations. In the event any unmarked human burial remains are discovered, pursuant to Florida Statute Chapter 872.05, all activity that may disturb the unmarked burial shall cease

immediately, and the district medical examiner shall be notified. Such activity shall not resume unless specifically authorized by the district medical examiner or State Archaeologist. The Broward County medical examiner can be notified by telephone at 954-357-5200, Email at [med\\_exam\\_trauma@broward.org](mailto:med_exam_trauma@broward.org) or Website at: <http://www.broward.org/MedicalExaminer>

- 19) This site is currently serviced by BC Transit Route 5 on Pembroke Road (SR 824) BCT bus stop ID # 4586.
- 20) The recommendations of the Highway Construction and Engineering Division and the Transit Division for this plat may be modified if significant conflicts are identified by details included in the submitted construction plans.
- 21) Openings or improvements on functionally classified State Roads are subject to the "Rules of the Department of Transportation Chapter 14-97 State Highway System Access Management Classification System and Standards." In accordance with Section 5-189(b)(5) of the Land Development Code, the applicant has submitted the attached pre-application approval letter from the Florida Department of Transportation.
- 22) The attached comments regarding this plat's compliance with the effective Land Use Plan have been received from the Broward County Planning Council.
- 23) The applicant is advised that, in accordance with Section 125.022, Florida Statutes, the issuance of a development permit by the County does not in any way create any rights on the part of the applicant to obtain a permit from a state or federal agency and does not create any liability on the part of the County for issuance of the permit if the applicant fails to obtain requisite approvals or fulfill the obligations imposed by a state or federal agency or undertakes actions that result in a violation of state or federal law.
- 24) Specific questions regarding any of the above comments may be directed to each review agency contact person. A complete list of agency contact information can be accessed on the Planning and Development Management Division's web page at: [www.broward.org/Planning/FormsPublications/Documents/ReviewAgencies.pdf](http://www.broward.org/Planning/FormsPublications/Documents/ReviewAgencies.pdf)

## FINDINGS

### CONCURRENCY REVIEW

- 1) This plat is located within the Southeast Transportation Concurrency Management Area. The district in which this plat lies meets the regional transportation concurrency standards specified in Section 5-182(a)(5)a) of the Land Development Code.
- 2) This plat satisfies the solid waste disposal concurrency requirement of Section 5-182(h) of the Broward County Land Development Code.

## RATIONAL NEXUS REVIEW

- 3) This plat has been evaluated by staff of the Highway Construction and Engineering Division for the relationship between the impact of the proposed development and the right-of-way dedications required by the Broward County Land Development Code ("rational nexus test"). Staff has made a finding that the proposed development meets the threshold test for rational nexus and this report includes right-of-way dedication requirements.

## STAFF RECOMMENDATIONS

### NON-VEHICULAR ACCESS LINE REQUIREMENTS

It is the express intent of this non-vehicular access line to eliminate all proposed openings and existing driveways not specifically delineated in the following recommendations:

- 1) Along the ultimate right-of-way for Pembroke Road (SR824) except at a 40-foot opening with centerline located approximately 31 feet west of the east plat limits and shall include the corner chord and extend along South 22 Avenue a minimum of 100 feet from the ultimate right-of-way line of Pembroke Road (SR 824).

This opening is restricted to right turns only.

### TRAFFICWAYS (Dedicate)

- 2) Seven (7) feet of right-of-way to comply with the Broward County Trafficways Plan on Pembroke Road (SR824), a 94-foot Collector.
- 3) Right-of-way for a corner chord based on a 30-foot radius at the intersection of Pembroke Road (SR824) and South 22 Avenue
- 4) All of the right-of-way to be dedication to meet the Trafficways Plan is located along a roadway functionally classified as a State of Florida right-of-way. The area to be dedicated shall be noted on the plat as a distinct parcel and specific dedication language shall be provided on the dedication page of the plat.

### ACCESS REQUIREMENTS

- 5) The minimum distance from the non-vehicular access line of Pembroke Road (SR 824), at any ingress or egress driveway, to the outer edge of any interior service drive or parking space with direct access to such driveway shall be 25 feet.
- 6) For the two-way driveway that will be centered in a 40-foot opening: the minimum pavement width shall be 24 feet, the minimum entrance radii shall be 30 feet.

TRAFFICWAYS IMPROVEMENTS (Secure and Construct)

- 7) The removal of all existing driveways in locations not consistent with approved openings in the non-vehicular access line and the construction of curb, gutter, and sidewalk in these openings when necessary to complete the required improvement.

SIDEWALK REQUIREMENTS (Secure and Construct)

- 8) Along Pembroke Road (SR 824) adjacent to this plat.

SIDEWALK FOR BUS LANDING PAD (Secure and Construct)

- 9) An 8-foot wide x 40-foot long expanded sidewalk with a maximum cross slope of 2% for the bus landing pad (design must extend to the face of curb and gutter) on Commercial Boulevard (SR 870) commencing 30 feet east of the west plat limit and continuing east for 40 feet. Design is subject to review by the Service and Capital Planning Section of the Transit Division, the Paving and Drainage Section of the Highway Construction and Engineering Division, and the Permits Section of the Florida Department of Transportation.

COMMUNICATION CONDUIT/INTERCONNECT/SIGNAL (Secure and Construct)

- 10) The developer shall be responsible for replacement of communication conduit/interconnect/Signal that is damaged by construction of the required improvements. The security amount for communication conduit/interconnect along Pembroke Road (SR824) shall be determined by the Traffic Engineering Division.

PAVEMENT MARKINGS AND SIGNS (Secure and Construct)

- 11) Construction of the required improvements shall include installation of signs and thermoplastic pavement markings. Pavement markings and signs shall be designed, fabricated, and installed in accordance with Traffic Engineering Division standards. The security amount for pavement markings and signs will be based on the approved construction plans or the approved engineer's cost estimate as outlined below. Design and installation of the required markers and/or signs are subject to approval by Florida Department of Transportation for projects located on a FDOT jurisdictional roadway.

IMPROVEMENT AGREEMENT AND SECURITY REQUIREMENTS

- 12) Section 5-184(d)(2) of the Broward County Land Development Code requires a recordable agreement for the required improvements. The owner of this plat shall enter into the standard Installation of Required Improvements Agreement (CAF#450) and submit it to the Highway Construction and Engineering Division for review and approval prior to recordation of the plat. The completion date for all required improvements listed as Exhibit "B" shall indicate completion prior to the issuance of Certificates of Occupancy. Alternate phasing schedules must receive prior approval from the Highway Construction and Engineering Division. The use of a non-standard agreement will require independent approval by the County Commission.

- 13) The Installation of Required Improvements Agreement (CAF#450) shall be secured by letter of credit, cash, lien, or other security acceptable to the County. Security instruments for all required improvements shall be submitted prior to plat recordation and/or the commencement of construction. Security amounts shall be based upon the one of the following:
- A) Approved construction plans. When security is based on approved construction plans, the security will be calculated at one-hundred (100%) percent of the cost of the improvements. Requirements for submitting construction plans are outlined below.
  - B) Engineer's cost estimate. When security is based on an engineer's cost estimate, the security will be calculated at one-hundred twenty-five (125%) percent of the cost of the improvements. Engineer's cost estimate(s) must be submitted for review by the Highway Construction and Engineering Division. Use of approved cost estimate forms is required. Payment of the applicable review fee is required pursuant to Chapter 38.8 of the Broward County Administrative Code.
  - C) All forms are available on the Highway Construction and Engineering Division's web page at:  
<http://www.broward.org/Publicworks/BCEngineering/PagesDefault.asp>

#### IMPROVEMENT PLAN SUBMITTAL REQUIREMENTS (Pre-construction and Security Release Requirements)

- 14) The construction plans for the required improvements (including pavement marking and signing plans) shall be submitted to the Highway Construction and Engineering Division for review and must be approved prior to the commencement of construction. Construction shall be subject to inspection and approval by the County.
- 15) Communication Conduit/Interconnect plans (3 sets and a cost estimate) shall be submitted to the Traffic Engineering Division. Any easements necessary for the relocation and maintenance of the conduit must be provided and shown on the submitted plans. No security shall be released without a field inspection and final approval of all materials, installations and locations by the Traffic Engineering Division.

#### FLORIDA STATUTES CHAPTER 177 REQUIREMENTS

Complete the following corrections to the plat mylar to comply with the requirements of Florida Statutes Chapter 177 as outlined below:

#### 16) SURVEY DATA

- A) The legal description in the title opinion or certificate must match the legal description on the plat. The plat drawing must follow the legal description.

Continued

- B) A closure of the plat boundary as determined by Broward County Highway construction and Engineering Division staff exceeds the 0.03' tolerance required by Broward County Land Development Code Sec. 5-189(a)(24). Provide closures, with areas, of the plat boundary and parcels created by the plat to the Broward County Highway Construction and Engineering Division for review.
  - C) Two land ties to two independent land corners or one land corner and one other recorded corner shall be shown. The north – south tie from the plat to the southwest corner of Section 22-51-42 appears to be inaccurate. Review and revise as necessary.
  - D) There are inconsistencies between the plat and the survey provided with the plat submittal as they pertain to the location of monuments shown on both. Review and revise the description and/or the geometry on the plat and survey as necessary.
  - E) The bearing reference line must be a well-established and monumented line. Depict said line with its monumentation and tie to the plat boundary. Insufficient monumentation is shown for the line called out. Review and revise as necessary. Revise the Basis of Bearings reference line, based on the resolution of Staff Recommendation 16) D).
  - F) The platting surveyor must submit Certified Corner Records for section corners used in preparation of the plat to both the State and Broward County. County staff will confirm submittal to the State prior to plat recordation. For section corners which have Certified Corner Records on file, the surveyor must submit an affidavit confirming that the Section corner was found to be substantially as described in the most recently available certified corner record. Standard affidavit forms are available from the following website:  
<http://www.broward.org/Publicworks/BCEngineering/Pages/PlatSectionForms.aspx>
  - G) The surveyor must submit digital plat information (after all corrections are completed and Highway Construction & Engineering Division staff requests digital information).
- 17) RIGHT OF WAY DELINEATION AND DEDICATION LANGUAGE
- A) Depict the entire right-of-way width of South 22 Avenue and Pembroke Road adjacent to the plat. Label the right-of-way shown with all recorded instruments which establish public rights-of-way adjacent to this plat.
    - 1) Verify the width and recording information for the portion of right-of-way for Pembroke Road north of the south line of the underlying Lot 14 east of this plat.
  - B) Obtain and provide copy of the latest FDOT Right-of-Way map for Pembroke Road adjacent to the plat.

18) TITLE CERTIFICATION AND DEDICATION SIGNATURE BLOCKS

- A) The title certificate or an attorney's opinion of title shall be updated to reflect a comprehensive search of the Public Records within 30 days prior to plat recordation. If the updated title shows any change to property ownership, then a new dedication on the plat mylar shall be executed by the new owner(s) with the proper acknowledgements. If the updated title shows any changes to or additional mortgage holders, then a new Mortgagee consent shall be executed with the proper acknowledgements.

19) DRAFTING AND MISCELLANEOUS DATA

- A) Address any undefined abbreviations or symbols used on the plat or added during revision. Remove any abbreviations and symbols from the Legend that do not appear on the plat. Add any missing abbreviations and symbols to the Legend that appear on the plat or are added during revisions.
- B) The plat original must be drawn with black permanent drawing ink; or nonadhered scaled print on a stable base film. The text on first page of the mylar is flaking. Review and revise plat mylar.
- C) Correct the spelling of REFERENCE in numerous labels for offset P.R.M.s.

20) HIGHWAY CONSTRUCTION & ENGINEERING DIVISION INTERNAL PROCEDURES (These items are required for plat recordation but are completed by County staff)

- A) Planning Council Executive Director Signature.
- B) Completion of all POSSE Inputs; Impact Fee and Security reports printed.
- C) County Surveyor Sign-off.
- D) P.R.M.s Verified.
- E) Development Order, Planning & Development Management Director Signature.
- F) Engineering Director Signature.
- G) City of Hollywood scanned copy of mylar as required  
Luis Lopez      [llopez@hollywoodfl.org](mailto:llopez@hollywoodfl.org)      954-921-3251  
Clarisa Ip      [cip@hollywoodfl.org](mailto:cip@hollywoodfl.org)      954-921-3915

NOTES:

- (a) The applicant may request a copy of the FS 177 check print by calling Jason Espinosa at 954-577-4593.

- (b) Additional changes made to the original plat mylar (beyond this list of corrections) may cause delays in review and recordation, and may result in additional review fees.

## GENERAL RECOMMENDATIONS

- 21) Distance and measurement recommendations contained in this report were based on the best information available at the time of review. County staff may approve minor adjustments based on verified field conditions or details provided in approved construction plans.
- 22) All construction must include all necessary transitions to existing pavement, the lengths of which shall be determined by the design speed of the roadway. All designs, construction, studies, etc., shall conform to the applicable sections of the following:
  - A) United States Department of Transportation: "Manual on Uniform Traffic Control Devices" (MUTCD).
  - B) State of Florida Department of Transportation:
    - 1) "Roadway and Traffic Design Standards."
    - 2) "Standard Specifications."
    - 3) "FDOT Transit Facilities Guidelines."
  - C) Broward County: "Minimum Construction Standards for Roadways Under Broward County Jurisdiction" (Exhibit 25A of Section 25.1, Broward County Administrative Code).

In addition, all designs for construction shall be certified by a Professional Engineer, registered in the State of Florida, that they meet the standards included above.

All standard forms are available for downloading from the Highway Construction and Engineering Division's website:

<http://www.broward.org/Publicworks/BCEngineering/Pages/Default.aspx>

- 23) Applicant must pay transportation concurrency fees during the review of construction plans submitted for County environmental review approval by the Development and Environmental Review Section of the Planning and Development Management Division, in accordance with the fee schedule specified in the Land Development Code.
- 24) This plat will not be recorded until all real estate taxes (including taxes for the current year and any delinquent taxes) for the property being platted have been paid as required by Florida Statutes Chapter 197.192. The applicant must submit a current tax letter from the Revenue Collection Division providing proof of payment.

- 25) Place a note on the face of the plat, preceding the designated municipal official's signature, reading:

No building permits shall be issued for the construction, expansion, and/or conversion of a building within this plat until such time as the developer provides this municipality with written confirmation from Broward County that all applicable concurrency/impact fees have been paid or are not due.

- 26) Place a note on the face of the plat reading:

A) If a building permit for a principal building (excluding dry models, sales and construction offices) and first inspection approval are not issued by **November 13, 2023**, then the County's finding of adequacy shall expire and no additional building permits shall be issued until such time as Broward County shall make a subsequent finding that the application satisfies the adequacy requirements set forth within the Broward County Land Development Code. The owner of the property or the agent of the owner shall be responsible for providing evidence to Broward County from the appropriate governmental entity, documenting compliance with this requirement within the above referenced time frame; and/or

B) If construction of project water lines, sewer lines, drainage, and the rock base for internal roads have not been substantially completed by **November 13, 2023**, then the County's finding of adequacy shall expire and no additional building permits shall be issued until such time as Broward County shall make a subsequent finding that the application satisfies the adequacy requirements set forth within the Broward County Land Development Code. The owner of the property or the agent of the owner shall be responsible for providing evidence to Broward County from the appropriate governmental entity, documenting compliance with this requirement within the above referenced time frame.

- 27) Place a note on the face of the plat reading:

This plat is restricted to 126,000 square feet of self-storage use.

This note is required by Chapter 5, Article IX, Broward County Code of Ordinances, and may be amended by approval of the Broward County Board of County Commissioners. The notation and any amendments thereto are solely indicating the approved development level for property located within the plat and do not operate as a restriction in favor of any property owner including an owner or owners of property within this plat who took title to the property with reference to this plat.

- 28) If this item is approved, authorize the Mayor to sign an order approving this agenda item subject to staff findings, comments, and recommendations.

RE: Municipal notification of a proposed Plat adjacent to the city limits:

**HOLLYWOOD STORAGE KING**

**Plat No. 004-MP-18**

Written comments must be received on or before **March 2, 2018**

As per Broward County Commission Policy effective March 24, 1998 we are forwarding a copy of a plat application to all municipalities that are adjacent to the plat.

Enclosed is a copy of the above referenced application.

If your municipality desires to comment on this application, the comments must be in writing and received at the Planning and Development Management Division on or before the above referenced date.

Any written comments received will be forwarded to the applicant along with the comments from other agencies reviewing the application.

If you have any questions, please contact Thuy Turner at 954-357-6623.

Sincerely,

## Florida Department of Transportation

RICK SCOTT  
GOVERNOR

3400 West Commercial Blvd.  
Fort Lauderdale, FL 33309

MICHAEL DEW  
SECRETARY

June 20, 2018

THIS PRE-APPLICATION LETTER IS VALID UNTIL – June 20, 2019  
THIS LETTER IS NOT A PERMIT APPROVAL

Matthew Speath  
Maser Consulting  
5471 N waters Ave, Ste 100  
Tampa, FL 33634

Dear Matthew Speath:

RE: **June 20, 2018** - Pre-application Meeting for **Category B Driveway**, Date of Pre-Application Meeting: **June 8, 2017**  
Broward County - City of Hollywood, Urban; SR 824; Sec. # 86018; MP: 6.090  
Access Class - 06; Posted Speed - 35 mph; SIS - Influence Area; Ref. Project:

**Request:**

- Right-in/right-out driveway along SR 824/Pembroke Road, located approximately 350 feet west of South Dixie Highway.
- Close three existing driveways.

**SITE SPECIFIC INFORMATION**

Project Name & Address: **Storage King Hollywood - 2147 W Pembroke Rd., Hollywood, FL**  
Applicant/Property Owner: **James C. Baber**  
Parcel Size: **1.670 Acres** Max. Sq.ft./Proposed LU: **128,000 SF Self Storage**

**WE APPROVE YOUR REQUEST**

This decision is based on your presentation of the facts, site plan and survey - please see the **conditions** and **comments** below. You may choose to review this concept further with the District Access Management Review Committee (AMRC).

**Conditions:**

- A minimum driveway length of 25 feet, as measured from the ultimate right-of-way line to the first conflict point shall be provided. If a guard gate is installed a minimum driveway length of 100 feet is required.
- All existing driveway along the frontage of the site on SR 824 shall be closed and curb restored.
- The proposed driveway shall be radial return.

**Comments:**

- Drainage mitigation is required for any impacts within FDOT right-of-way (i.e. increased runoff or reduction of existing storage). A Storm Water Pollution Prevention Plan must be submitted with the application for more than one acre of "disturbed area" as defined by the Florida Department of Environmental Protection (FDEP).
- The applicant shall donate the right-of-way to the Department if right-of-way dedication is required to implement the improvements,
- All driveways not approved in this letter must be fully removed and the area restored.
- Dimensions between driveways are measured from the near edge of pavement to near edge of pavement and for median openings are measured from centerline to centerline unless otherwise indicated.

The purpose of this Pre-Application letter is to document the conceptual review of the approximate location of driveway(s) to the State Highway system and to note required improvements, if any. This letter shall be submitted with any further reviews and for permitting. The Department's personnel shall review permit plans for compliance with this letter as well as current Department standards and/or specifications. Final design must consider the existing roadway profile and any impacts to the existing drainage system. **Note, this letter does not guarantee permit approval.** The permit may be denied based on the review of the submitted engineering plans. Be aware that any approved median openings may be modified (or closed) in the future, at the sole discretion of the Department. For right-of-way dedication requirements go to: <https://gis.dot.state.fl.us/OneStopPermitting>; click on Statewide Permit News; Scroll down to District 4; Scroll down to Additional Information and Examples and choose Right-of-way Donations/Dedications.

Please contact Geysa Sosa, P.E. at the District Permits Office with any questions regarding permits – Tel. # 954-777-4377, or e-mail: [geysa.sosa@dot.state.fl.us](mailto:geysa.sosa@dot.state.fl.us)

Sincerely,

  
Jonathan M. Overton P.E.

Assistant District Traffic Operations Engineer

RE: Hollywood Storage King (004-MP-18)  
City of Hollywood

DATE: February 28, 2018

The Future Land Use Element of the City of Hollywood Comprehensive Plan is the effective land use plan for the City of Hollywood. That plan designates the area covered by this plat for the uses permitted in the "Regional Activity Center" land use category. This plat is generally located on the east side of North 22 Avenue, between Fletcher Street and Pembroke Road, in the City of Hollywood.

Regarding the proposed self-storage use, Planning Council staff notes the subject Regional Activity Center permits a maximum of 3,280,000 square feet of "Commercial" uses. To date, including this proposed development, 2,543,666 square feet of "Commercial" use has been proposed by plat or granted development permits, resulting in 736,334 square feet remaining available. Therefore, the proposed 126,000 square feet of self-storage use is in compliance with the permitted uses of the effective land use plan.

The effective land use plan shows the following land uses surrounding the plat:

- North: Regional Activity Center
- South: Regional Activity Center (City of Hallandale Beach)
- East: Regional Activity Center
- West: Commercial and Low (5) Residential

The contents of this memorandum are not a judgment as to whether this development proposal complies with the Broward County Trafficways Plan, local zoning, other land development regulations or the development review requirements of the Broward County Land Use Plan including its concurrency requirements.
