Summary

The proposed ordinance amends Sections 20-9 and 8 ½ -16 relating to signage requirements for gasoline pricing and the schedule of civil penalties for violations. The amendments to the Code of Ordinances require that gasoline service stations comply with state law regulating the display of motor fuel prices, rather than County regulatory language which is removed. The violation language is amended to require compliance with Section 20-9(a) which requires compliance with state law. The fine amounts remain the same.

Fiscal Impact
