

**STATE OF FLORIDA DEPARTMENT OF TRANSPORTATION  
LOCALLY FUNDED AGREEMENT**

THIS Locally Funded Agreement ("Agreement"), entered into this \_\_\_\_\_ day of \_\_\_\_\_, 20\_\_\_\_\_, by and between the State of Florida Department of Transportation hereinafter called the DEPARTMENT, and Broward County, a political subdivision of the state of Florida, located 1 N. University Drive, Plantation, Florida 33324, hereinafter called the COUNTY, collectively referred to as ("Parties").

**WITNESSETH**

WHEREAS, the DEPARTMENT and the COUNTY are desirous of having the DEPARTMENT make certain improvements in connection with the DEPARTMENT's roadway work at SR845/Powerline Road and NW 59<sup>th</sup> Court in Broward County, Florida. (Financial Management (FM) Number 441381-1-52-01, Funded in Fiscal Year 2019/2020); and

WHEREAS, the COUNTY has requested that the DEPARTMENT perform the following additional work: Construction (Installation) of a three traffic signal mast arms, a left turn lane, and pedestrian crosswalk, as set forth in Exhibit A attached hereto and made a part hereof and hereinafter referred to as the Project; and

WHEREAS, the improvements are in the interest of both the COUNTY and the DEPARTMENT and it would be more practical, expeditious, and economical for the DEPARTMENT to perform such activities; and

WHEREAS, the COUNTY by Action on \_\_\_\_\_, 20\_\_\_\_\_, a copy of which is attached hereto and made a part hereof, authorizes the proper officials to enter into this Agreement.

NOW, THEREFORE, in consideration of the mutual benefits to be derived from joint participation on the Project, the Parties agree to the following:

1. The recitals set forth above are true and correct and are deemed incorporated herein.
2. The DEPARTMENT shall be responsible for assuring that the Project complies with all applicable Federal, State and Local laws, rules, regulations, guidelines and standards.
3. The COUNTY agrees to make all previous studies, maps, drawings, surveys and other data and information pertaining to the Project available to the DEPARTMENT at no extra cost.
4. The total cost for the Project is estimated to be SEVEN HUNDRED FIFTY ONE THOUSAND FOUR HUNDRED SIXTY FOUR DOLLARS AND NO CENTS (\$751,464.00). The COUNTY's share for the Project is estimated to be FIVE HUNDRED THOUSAND DOLLARS AND NO CENTS (\$500,000.00), which sum shall be paid to the DEPARTMENT. The COUNTY's payment is non-refundable. In the event the actual cost of the Project is less than the COUNTY's payment, the difference shall be retained by the Department to

cover costs associated with the Department roadway work. In the event the actual cost of the Project, without modifications, results in a sum greater than that paid by the COUNTY, then any additional cost shall be the sole responsibility of the DEPARTMENT.

- A. The COUNTY agrees that it will, within thirty (30) days of execution of this Agreement, furnish the DEPARTMENT with a check in the amount of FIVE HUNDRED THOUSAND DOLLARS AND NO CENTS (\$500,000.00) towards the Project Costs.

In the event payment is not received by the DEPARTMENT within thirty (30) days of execution of this Agreement, the DEPARTMENT reserves the right to terminate this Agreement and remove the Project from the Department's Work Program.

Remittance shall be made payable to the Department of Financial Services, Revenue Processing. Payment shall be clearly marked to indicate that it is to be applied to FM No. 441381-1-52-01. The DEPARTMENT shall utilize this amount towards costs of Project No. 441381-1-52-01.

Payment shall be mailed to:

Florida Department of Transportation  
Program Management Unit- Attention: Leos A. Kennedy, Jr.  
3400 W. Commercial Boulevard  
Fort Lauderdale, Florida 33309-3421

5. The payments of funds under this Agreement, once they are received by the DEPARTMENT from the COUNTY, will be sent directly to the Department's Central Office for deposit.
6. In the event it becomes necessary for either party to institute suit for the enforcement of the provisions of this Agreement, each party shall be responsible to pay their own attorney fees and court costs. Venue with respect to any such litigation shall be in Broward County.
7. Upon completion of the Project, the COUNTY shall be responsible for the maintenance of the mast arms.

On July 1, 2010 the COUNTY and the DEPARTMENT entered into a Traffic Signal Maintenance and Compensation Agreement (TSMCA) whereby the COUNTY agreed to maintain all traffic signals throughout Broward County. The COUNTY has agreed to maintain the Project in accordance with the terms of the TSMCA. A copy of the TSMCA is attached hereto and made a part hereof as **Exhibit B**. The terms of this paragraph shall survive the termination of this Agreement.

8. This Agreement and any interest herein shall not be assigned, transferred or otherwise encumbered by the COUNTY under any circumstances without the prior written consent of the DEPARTMENT. However, this Agreement shall run to the DEPARTMENT and its successors.
9. Except as otherwise set forth herein, this Agreement shall continue in effect and be binding to both the COUNTY and the DEPARTMENT until the Project is completed as evidenced by the written acceptance of the DEPARTMENT, or June 30, 2021, whichever occurs first.
10. The COUNTY warrants that it has not employed or obtained any company or person, other than bona fide employees of the COUNTY, to solicit or secure this Agreement, and it has not paid or agreed to pay any company, corporation, individual or firm, other than a bona fide employee employed by the COUNTY. For breach or violation of this provision, the DEPARTMENT shall have the right to terminate the Agreement without liability.
11. The COUNTY / Vendor/ Contractor:
  - (A) shall utilize the U.S. Department of Homeland Security's E-verify system to verify the employment eligibility of all new employees hired by the COUNTY/ Vendor/Contractor during the term of the contract; and
  - (B) shall expressly require any subcontractors performing work or providing services pursuant to the state contract to likewise utilize the U.S. Department of Homeland Security's E-Verify system to verify the employment eligibility of all new employees hired by the subcontractor during the contract term.
12. This Agreement is governed by and construed in accordance with the laws of the State of Florida.
13. This document incorporates and includes all prior negotiations, correspondence, conversations, agreements, or understandings applicable to the matters contained herein, and the parties agree that there are no commitments, agreements or understandings concerning the subject matter of this agreement that are not contained in this document. Accordingly, it is agreed that no deviation from the terms hereof shall be predicated upon any prior representation or agreements whether oral or written. It is further agreed that no modification, amendment, or alteration in the terms and conditions contained herein shall be effective unless contained in a written document executed with the same formality and of equal dignity herewith.
14. Any or all notices (except invoices) given or required under this Agreement shall be in writing and either personally delivered with receipt acknowledged or sent by certified mail, return receipt requested. All notices delivered shall be sent to the following addresses:

**EXHIBIT A**  
**SCOPE OF SERVICES**  
**FM# 441381-1-52-01**

As part of the proposed roadway improvements at SR-845/Powerline Road and NW 59<sup>th</sup> Court, the Project shall include, but not be limited to the following:

1. Construction (installation) of three (3) new mast arm assemblies.
2. Milling and resurfacing.
3. Modify existing 13'-6" median by creating a medium opening.
4. Modify drainage system based on increased area and install new pipes and inlets as necessary.
5. Add a left turn lane Southbound (SB) on SR-845/Powerline Road to NW 59<sup>th</sup> Court.  
(All left turns movements limited to buses).
6. Add left turn from NW 59<sup>th</sup> Court Westbound (WB) to SR-845/Powerline Road Southbound (Bus Only).
7. Add necessary pedestrian access improvements to the intersection. Ramps will be added and in compliance with American Disability Act (ADA) standards.
8. Installation of new pavement markings and signing.
9. Modify lighting as required.
10. Relocate and adjust utilities, power line poles, and power lines, as required.

CONTRACT NO. APV 74  
FINANCIAL PROJECT NO. 4278011-88-01  
F.E.I.D. NO. F596000531038

THIS AGREEMENT, made and entered into this 1 day of July, 2015, by and between the Florida Department of Transportation, an agency of the State of Florida, herein called the "Department", and BROWARD COUNTY, Florida, herein called the "Maintaining Agency".

**WITNESSED:**

WHEREAS, the Maintaining Agency has the authority to enter into this Agreement and to undertake the maintenance and operation of traffic signals or signal systems on the State Highway System, and the Department is authorized under Sections 334.044 and 335.055, Florida Statutes, to enter into this Agreement, and;

WHEREAS, the Maintaining Agency has authorized its undersigned representative to enter into and execute this Agreement;

NOW, THEREFORE, in consideration of the premises and the mutual covenants contained herein to be undertaken by the respective parties hereto, and for other good and valuable consideration, the sufficiency of which is hereby acknowledged, the parties mutually agree and covenant as follows:

1. The Maintaining Agency shall be responsible for the maintenance and continuous operation of the traffic signals, traffic signal systems (central computer, cameras, message signs, modems, and communications interconnect), flashing school zone traffic control devices, intersection control beacons, warning beacons, illuminated street name signs, and the payment of electricity and electrical charges incurred in connection with operation of such traffic signals and signal systems upon completion of their installation. The Department agrees to pay to the Maintaining Agency, an annual compensation based on Department's fiscal year for the cost of the maintenance and continuous operation of full traffic signal locations and intersection control beacons as identified in Exhibit A. Warning beacons, emergency signals, and flashing school zone signals are not included. Payments will be made in accordance with Exhibit B. Should the Maintaining Agency withdraw from the compensation portion of this Agreement, the Maintaining Agency will still be responsible for the maintenance and continuous operation of the above items. In the case of construction contracts, the Maintaining Agency shall be responsible for the payment of electricity and electrical charges incurred in connection with the operation of the traffic signals and signal systems, and shall undertake the maintenance and continuous operation of said traffic signals and signal systems upon final acceptance of the installation by the Department. Prior to any acceptance by the Department, the Maintaining Agency shall have the opportunity to inspect and request modifications/corrections to the installation(s) and Department agrees to undertake those prior to acceptance so long as the modifications/corrections comply with the contract and specifications previously approved by both the Department and Maintaining Agency. Repair or replacement and other responsibilities of the installation contractor and the Department, during construction, are contained in the Department's Standard Specifications for Road and Bridge Construction.

2. The Maintaining Agency shall maintain and operate the traffic signals and signal systems in a manner that will ensure safe and efficient movement of highway traffic and that is consistent with maintenance practices prescribed by the International Municipal Signal Association (IMSA) and operational requirements of the Manual on Uniform Traffic Control Devices (MUTCD), as amended. The Maintaining Agency's maintenance responsibilities shall include, but not be limited to, preventive maintenance (periodic inspection, service and routine repairs), and emergency maintenance (trouble shooting in the event of equipment malfunction, failure, or damage). The Maintaining Agency shall record its maintenance activities in a traffic signal maintenance log.

3. The Maintaining Agency may remove any component of the installed equipment for repair; however, it shall not make any permanent modifications and/or equipment replacements unless the equipment provided is capable of performing at minimum the same functions. The Department shall not make any modifications and/or equipment replacements without prior written notice to and consultation with the Maintaining Agency.

4. The Maintaining Agency shall set and maintain the timing and phasing of the traffic signals in accordance with the Department's timing and phasing plans, specifications, or special provisions. The Maintaining Agency shall obtain prior written approval from the Department for any modification in phasing of signals. Signal Systems timings (cycle length, split, offset) are considered operational changes and may be changed by the Maintaining Agency to accommodate changing needs of traffic. The Maintaining Agency may make changes in the signal timing provided these changes are made under the direction of a qualified Professional Engineer registered in the State of Florida. The Maintaining Agency shall make available a copy of the timings to the Department upon request. The Department reserves the right to examine equipment, timing and phasing at any time and, after consultation with the Maintaining Agency, may specify modifications. If the Department specifies modification in timing and/or phasing, implementation of such modifications shall be coordinated with, or made by, the Maintaining Agency.

5. The Maintaining Agency shall note in the maintenance log any time/phasing changes and keep a copy of the timings and any approval documentation in a file.

6. The Maintaining Agency and the Department will develop annually the Exhibit A which by this reference is made a part of this Agreement as though fully set forth herein. Exhibit A shall contain all existing traffic signals and intersection control beacons on the State Highway System, applicable to the jurisdiction of the Maintaining Entity, those that are maintained by the Maintaining Agency and those that are maintained but not included for compensation. No changes or modifications will be made to Exhibit A during the year for compensation. New signals and intersection control beacons added by the Department during the fiscal year shall be maintained and operated by the Maintaining Agency upon final acceptance as stated in paragraph 1. The Maintaining Agency and the Department, preceding each fiscal year, shall develop and execute a new Exhibit A, which shall include all new Department signals and intersection control beacons added during the previous fiscal year and delete those removed. The Maintaining Agency shall begin receiving compensation for new Department's signals and intersection control beacons in the next fiscal year. In the event that no change has been made to the previous year's Exhibit A, a statement to this effect should be included. The annual compensation will be a lump sum payment detailed in Exhibit B. Future payments will be based on the information provided in Exhibit A, in accordance with the provisions as detailed in Exhibit B, attached and made a part hereof.

- a) Payment shall be made only after receipt and approval of service.
- b) Payment shall be made in accordance with Section 215.422, Florida Statutes.
- c) Bills for fees or other compensation for services or expenses shall be submitted in detail sufficient for a proper pre-audit and post-audit thereof.
- d) Record of costs incurred under terms of this Agreement shall be maintained and made available upon request to the Department at all times during the period of this Agreement and for three (3) years after final payment for the work pursuant to this Agreement is made. Copies of these documents and records shall be furnished to the Department upon request. Record of costs incurred include the Maintaining Agency's general accounting records, together with supporting documents and records of the Maintaining Agency and all subcontractors performing work, and all other records of the Maintaining Agency and subcontractors considered necessary by the Department for proper audit of costs.

7. Maintaining Agency providing goods and services to the Department should be aware of the following time frames. Upon receipt, the Department has five (5) working days to inspect and approve the goods and services, unless the Agreement specifies otherwise. The Department has twenty (20) days to deliver a request for payment (voucher) to the Department of Financial Services. The twenty (20) days are measured from the latter of the date the invoice is received or the goods or services are received, inspected and approved.

8. If a payment is not available within forty (40) days, a separate interest penalty at a rate as established pursuant to Section 215.422, Florida Statutes, shall be due and payable, in addition to the invoice amount, to the Maintaining Agency. Interest penalties of less than one (1) dollar shall not be enforced unless the Maintaining Agency requests payment. Invoices returned to a Maintaining Agency because of Maintaining Agency preparation errors shall result in a delay in the payment. The invoice payment requirements do not start until a properly completed invoice is provided to the Department.

9. A Vendor Ombudsman has been established within the Department of Financial Services. The duties of this individual include acting as an advocate for contractors/vendors who may be experiencing problems in obtaining timely payment(s) from a state agency. The Vendor Ombudsman may be contacted at (850) 410-9724 or by calling the State Comptroller's Hotline, 1-800-848-3792.

10. An entity or affiliate who has been placed on the discriminatory vendor list may not submit a bid on a contract to provide any goods or services to a public entity, may not submit a bid on a contract with a public entity for the construction or repair of a public building or public work, may not submit bids on leases of real property to a public entity, may not be awarded or perform work as a contractor, supplier, contractor, supplier, subcontractor, or consultant under a contract with any public entity, and may not transact business with any public entity.

11. A person or affiliate who has been placed on the convicted vendor list following a conviction for a public entity crime may not submit a bid on a contract to provide any goods or services to a public entity, may not submit a bid on a contract with a public entity for the construction or repair of a public building or public work, may not submit bids on leases of real property to a public entity, may not be awarded or perform work as a contractor, supplier, subcontractor, or consultant under a contract with any public entity, and may not transact business with any public entity in excess of the threshold amount provided in Section 287.017, Florida Statutes, for CATEGORY TWO for a period of thirty-six (36) months from the date of being placed on the convicted vendor list.

12. The Department shall consider the employment by any contractor of unauthorized aliens a violation of Section 274A(e) of the Immigration and Nationality Act. If the contractor knowingly employs unauthorized aliens, such violation shall be cause for unilateral cancellation of this Agreement.

13. The State of Florida's performance and obligation to pay under this Agreement is contingent upon an annual appropriation by the Legislature. In the event this Agreement is in excess of \$25,000 and has a term for a period of more than one year, the provisions of Section 339.135(6)(a), Florida Statutes, are hereby incorporated:

(a) The Department, during any fiscal year, shall not expend money, incur any liability, or enter into any contract which, by its terms, involves the expenditure of money in excess of the amounts budgeted as available for expenditure during such fiscal year. Any contract, verbal or written, made in violation of this subsection shall be null and void, and no money may be paid on such contract. The Department shall require a statement from the Comptroller of the Department that funds are available prior to entering into any such contract or other binding commitment of funds. Nothing herein contained shall prevent the making of contracts for periods exceeding one year, but any contract so made shall be executory only for the value of the services to be rendered or agreed to be paid for in succeeding fiscal years, and this paragraph shall be incorporated verbatim in all contracts of the Department which are for an amount in excess of \$25,000 and which have a term for a period of more than one year.

14. The Maintaining Agency may be subject to inspections of traffic signals and traffic signal systems by the Department. Such findings will be shared with the Maintaining Agency and shall be the basis of all decisions regarding payment reduction, reworking, Agreement termination, or renewal. If at any time the Maintaining Agency has not performed the maintenance responsibility on the locations specified in the Exhibit A, the Department shall have the option of (a) notifying the Maintaining Agency of the deficiency with a requirement that it be corrected within a specified time, otherwise the Department shall deduct payment for any deficient traffic signal(s) or intersection control beacon(s) maintenance not corrected at the end of such time, or (b) take whatever action is deemed appropriate by the Department. Any suspension or termination of funds does not relieve any obligation of the Maintaining Agency under the terms and conditions of this Agreement.

15. The Maintaining Agency may enter into agreements with other parties pertaining to traffic signals and signal systems including, but not limited to, agreements relating to costs and expenses incurred in connection with the operation of traffic signals and signal systems on the State Highway System, provided that such Agreements are consistent with the mutual covenants contained in this Agreement. The Maintaining Agency shall furnish a copy of such agreements to the Department.

16. This Agreement may not be assigned or transferred by the Maintaining Agency in whole or in part without consent of the Department.

17. The Maintaining Agency shall allow public access to all documents, papers, letters, or other material subject to provisions of Chapter 119, Florida Statutes, and made or received by the Maintaining Agency in conjunction with this Agreement. Failure by the Maintaining Agency to grant such public access shall be grounds for immediate unilateral cancellation of this Agreement by the Department.

18. This Agreement shall be governed by and construed in accordance with the laws of the State of Florida. The invalidity or unenforceability of any portion of this Agreement shall not affect the remaining provisions and portions hereof. Any failure to enforce or elect to not enforce any provision of this Agreement shall not constitute a waiver of any rights of the Department to enforce its remedies hereunder or at law or in equity.

19. This Agreement shall remain in force during the life of the original installed equipment and/or the life of any replacement equipment installed with the mutual consent of the parties hereto.

20. Upon execution, this Agreement cancels and supersedes any and all prior Traffic Signal Maintenance Agreement(s) between the parties.

21. This Agreement contains all the terms and conditions agreed upon by the parties.

IN WITNESS WHEREOF, the parties have caused these presents to be executed, the day and year first above written.

Total Lump Sum \$1,243,904

I certify that the above traffic signals will be maintained and operated in accordance with the requirements of the Traffic Signal Maintenance and Compensation Agreement. For satisfactory completion of all services detailed in this Agreement for this time period, the Department will pay the Maintaining Agency a Total Lump Sum of \$1,243,904.00.

**EXHIBIT B****TRAFFIC SIGNAL MAINTENANCE AND COMPENSATION AGREEMENT****1.0 PURPOSE**

This exhibit defines the method and limits of compensation to be made to the Maintaining Agency for the services described in this Agreement and in Exhibit A and Method by which payments will be made.

**2.0 COMPENSATION**

For the satisfactory completion of all services detailed in this Agreement and Exhibit A of this Agreement, the Department will pay the Maintaining Agency the Total Lump Sum in Exhibit A. The Maintaining Agency will receive one lump sum payment at the end of each fiscal year for satisfactory completion of service.

Total Lump Sum Amount for each fiscal year is calculated by adding all of the individual intersection amounts. The individual intersection amounts are calculated by taking the FY Unit Rate times the percent of State Road Approaches to Total Approaches. Intersection Control Beacons are paid at 25% of the Unit Rate for full traffic signal.

**Example 1:** For a traffic signal intersection with 4 approaches with 2 approaches (50%) being state roads, the intersection amount for FY 10-11 will be:  $\$2,622 \times (2/4) = \$1,311$

**Example 2:** For an intersection-control beacon with 3 approaches, with 2 approaches being state roads, the intersection amount for FY 11-12 will be  $\$675 \times (2/3) = \$450$ .

**Unit Rates per 100% State Intersections**

Traffic Signals:		Intersection Control Beacons:
FY 07-08	\$2,400	\$0
08-09	\$2,472	\$0
09-10	\$2,546	\$0
10-11	\$2,622	$0.25 \times \$2,622 = \$656$
11-12	\$2,701	$0.25 \times \$2,701 = \$675$
12-13	\$2,782	$0.25 \times \$2,782 = \$696$

Beginning with FY 07-08, the Unit Rate for each fiscal year is 3% more than the Unit Rate for the previous fiscal year, unless otherwise specified in an amendment to this Agreement.

**3.0 PAYMENT PROCESSING**

The Maintaining Agency shall invoice the Department yearly in a format acceptable to the Department.
