

STAFF REPORT
Young World Plat
104-MP-83

A request to amend a platted non-vehicular access line has been filed with the Planning and Development Management Division. This plat was approved by the Broward County Board of County Commissioners (“Board”) on May 7, 1985. The property is located on the southeast corner of South University Drive and Southwest 35 Street and on the east side of South University Drive between Southwest 35 Street and Southwest 30 Street, in the Town of Davie. This plat was recorded on August 21, 1981 (Plat Book 124, Page 43). A plat note amendment was approved on January 24, 2017 and current note is restricted to 42,700 square feet of classroom space, 66,750 square feet of self-storage, 17,000 square feet of commercial and 8,000 square feet of bank, 50,000 square feet of office use and 225 hotel rooms on Parcel A; 825 high-rise units, 408,000 square feet of office, 340,000 square feet of commercial and 4,000 square feet of bank, 603,000 square feet of medical facility consisting of classroom space, 140,000 square foot clinic and 4,900 square foot physical plant building and 250 hotel rooms on Parcels B-1, C and D; and 975,000 square feet of hospital use, 150,000 square feet of office use and 40,000 square feet of commercial use on Parcel B-2.

The applicant is requesting to amend the non-vehicular access line as follows:

- Move the point of beginning along the S boundary line of Parcel “B” to 468.42 feet west of the southeast corner of Parcel B.
- Delete the 50-foot opening along South University Drive centered approximately 450 feet north of the southwest corner of Parcel B.
- Create a 100-foot opening along South University Drive centered approximately 650 feet north of the southwest corner of Parcel B.

The attached Resolution No. R 2018-63 from the Town of Davie indicates no objection to this request.

Staff from the Highway Construction and Engineering Division and the Transit Division have reviewed this request and recommend **APPROVAL** subject to the conditions contained in the attached memorandum and shall meet the standards of the Broward County Development Code at the time of permit.

The attached comments from the Florida Department of Transportation (“FDOT”) indicate approval with conditions with this request.

In addition, this approval is subject to the Board authorizing the Mayor to sign an order approving this agenda item subject to staff findings, comments, and recommendations.

The applicant is advised that, in accordance with Section 125.022, Florida Statutes, the issuance of a development permit by the County does not in any way create any rights on the part of the applicant to obtain a permit from a state or federal agency and does not create any liability on the part of the County for issuance of the permit if the

SUBJECT: Delegation Request: Modify Conditions of Plat Approval
(Amendment to Non-Vehicular Access Line)
Young World Plat (104-MP-83)

The Highway Construction and Engineering Division and the Transportation Department, Transit Division have reviewed the objections to the recommendations for modifications to the conditions of plat approval for the subject plat. In part, the application is a request to amend the non-vehicular access line (NVAL) along University Drive adjacent to the plat. Our review included the information contained in the application, the property survey, the site plan (or conceptual access plan), the recorded plat, and the Development Review Report approved by the County Commission. Our review also included changes to the adjacent roadways and changes on the adjoining properties.

Because of our review, staff has determined that new and amended plat requirements are necessary to ensure safe and adequate access between the adjoining Trafficway(s) and plat to comply with the adequacy standards of the Broward County Land Development Code. Staff recommends APPROVAL of the proposed NVAL amendment subject to the following:

NON-VEHICULAR ACCESS LINE AMENDMENT AGREEMENT

1. The property owners of Young World Plat Parcel "B" (Folio Number 504121130020, 504121130021 and 504121130022) must fully execute the Amendment to Nonvehicular Access Line Agreement (CAF #457) and submit it to the Highway Construction and Engineering Division for review and approval.
2. The applicant must prepare the legal descriptions for the Exhibits to the NVAL Amendment Agreement according to the details outlined in this report.
3. An Opinion of Title from an attorney or a Title Certificate from a title company must be submitted with the NVAL Amendment Agreement and must include the following information:
 - a. Same legal description as the affected portion of the recorded plat.
 - b. Record owner(s) name(s).
 - c. Mortgage holder(s) name(s) If none, it should so state.
 - d. Date through which records were searched (within 30 days of submittal).
 - e. Original signature and/or seal.
4. For properties held by partnerships or trusts, the applicant must submit copies of the partnership or trust documents, or an opinion from an attorney familiar with the partnership or trust listing the partner(s) or trustee(s) who may execute agreements and deeds.

NON-VEHICULAR ACCESS LINE REQUIREMENTS

5. Exhibit "C" to the NVAL Amendment Agreement shall describe and illustrate a new non-vehicular access line along University Drive adjacent to the plat except at the following openings:
 - a. A 100-foot opening centered approximately 646 feet north of the corner chord at the intersection of University Drive and SW 36th Street. This opening shall be labeled on Exhibit C: LEFT TURNS IN AND RIGHT TURNS ONLY.

- b. The existing 100-foot opening centered approximately 950 feet north of the corner chord at the intersection of University Drive and SW 36th Street. This opening shall be labeled on Exhibit C: RIGHT TURNS ONLY.

ACCESS REQUIREMENTS

6. The minimum distance from the non-vehicular access line of University Drive, at the northern 100-foot driveway, to the outer edge of any interior service drive or parking space with direct access to such driveway shall be 50 feet.
7. The minimum distance from the non-vehicular access line of University Drive, at the southern driveway, to the outer edge of any interior service drive or parking space with direct access to such driveway shall be 50 feet.
8. Any driveway within a 100-foot opening shall be centered in the opening; shall consist of a minimum of one 12-foot wide egress lane and one 16-foot wide ingress lane, with minimum entrance radii of 35 feet.

TRAFFICWAYS IMPROVEMENTS (Secure and Construct)

9. The removal of all existing driveways and turn lanes in locations not consistent with approved openings in the non-vehicular access line and the construction of curb, gutter, and sidewalk in these openings when necessary to complete the required improvement.

TURN LANE IMPROVEMENTS (Secure and Construct)

10. Northbound right turn lane on University Drive at the north 100-foot opening with 135 feet of storage and 50 feet of transition.
11. Northbound right turn lane on University Drive at the southern 100-foot opening with 135 feet of storage and 50 feet of transition.
12. Southbound left turn lane on University Drive at the southern 100-foot opening with 200 feet of storage and 50 feet of transition.

SIDEWALK REQUIREMENTS (Secure and Construct)

13. Along University Drive adjacent to this plat.

COMMUNICATION CONDUIT/INTERCONNECT (Secure and Construct)

14. Construction of the required improvements shall include relocating or replacing any existing communication conduit/interconnect on University Drive that may be damaged by construction. The security amount for communication conduit/interconnect must be approved by the Traffic Engineering Division.

PAVEMENT MARKINGS AND SIGNS (Secure and Construct)

15. Construction of the required improvements shall include installation of pavement markings and signs. All pavement markings shall be thermoplastic. Pavement markings and signing materials shall be fully reflectorized with high intensity materials. The security amount for pavement markings and signs will be based on the approved construction plans or the approved engineer's cost estimate as outlined below.

IMPROVEMENT AGREEMENT AND SECURITY REQUIREMENTS

16. County Commission Policy requires a recordable agreement listing all of the plat required improvements. The owner of this plat shall enter into the standard Installation of Required Improvements Agreement (CAF#450) and submit it to the Highway Construction and Engineering Division for review and approval prior to recordation of the NVAL Amendment Agreement. The completion date for all required improvements listed as Exhibit "B" shall indicate completion prior to issuance of Certificates of Occupancy. Alternate phasing schedules must receive prior approval from the Highway Construction & Engineering Division. The use of a non-standard agreement will require independent approval by the County Commission.
17. The Installation of Required Improvements Agreement shall be secured by letter of credit, cash, lien, or other security acceptable to the County. Security instruments for all required improvements shall be submitted prior to NVAL Amendment Agreement recordation and/or commencement of construction. Security amounts shall be based upon the one of the following:
 - a. Approved construction plans. When security is based on approved construction plans, the security will be calculated at one hundred (100%) percent of the cost of the improvements. Requirements for submitting construction plans are outlined below.

- b. Engineer's cost estimate. When security is based on an engineer's cost estimate, the security will be calculated at one hundred twenty-five (125%) percent of the cost of the improvements. Engineer's cost estimate(s) must be submitted for review by the Highway Construction and Engineering Division. Use of approved cost estimate forms is required. Payment of the applicable review fee is required pursuant to Chapter 38.8 of the Broward County Administrative Code.
- c. All forms are available on the Highway Construction & Engineering Division's web page at: <http://bcegov2.broward.org/bcengineering/Plats/PlatsForms.asp>

IMPROVEMENT PLAN SUBMITTAL REQUIREMENTS

18. The construction plans for the required improvements (including pavement marking and signing plans) shall be submitted to Highway Construction and Engineering Division for review and must be approved prior to the commencement of construction. Construction shall be subject to inspection and approval by the County. Pavement marking and signing shall be provided for all of the Improvements and shall be subject to review, field inspections and final approval by the Traffic Engineering Division. Security for pavement markings and signing shall not be released without field inspection and final approval by the Traffic Engineering Division of all materials, installations and locations.
19. Communication Conduit/Interconnect plans (3 sets and a cost estimate) shall be submitted to the Traffic Engineering Division. Any easements necessary for relocation and maintenance of the conduit must be provided and shown on the submitted plans. No security shall be released without field inspection and final approval of all materials, installations and locations by the Traffic Engineering Division.

GENERAL REQUIREMENTS

20. The Traffic Engineering Division, the Highway Construction and Engineering Division, and the Office of Transportation recommendations for this Delegation Request may be modified for minor technical conflicts which are identified by details included in submitted construction plans.
21. All construction must include all necessary transitions to existing pavement, the lengths of which shall be determined by the design

speed of the roadway. All designs, constructions, studies, etc., shall conform to the applicable sections of the following:

- United States Department of Transportation: "Manual on Uniform Traffic Control Devices", (MUTCD).
 - State of Florida Department of Transportation:
 - "Design Standards".
 - "Standards Specifications".
 - "Transit Facilities Guidelines"
 - Broward County: "Minimum Construction Standards for Roadways Under Broward County Jurisdiction"
 - In addition, all designs for construction shall be certified by a Professional Engineer or Land Surveyor registered in the State of Florida, that they meet the standards included above.
22. The developer shall be responsible for the cost of relocating utilities, drainage facilities, traffic control poles, interconnect cables, and related equipment as necessary to complete required improvements.
23. Standard forms are available for downloading from the Highway Construction & Engineering Division's web page.
24. The developer shall prepare and deliver all required documents, securities, deeds, easements, and agreement(s) within 18 months of approval of this Delegation Request. Failure to complete this process within the 18-month time frame shall render the approval of this Delegation Request null and void.

WE APPROVE YOUR REQUEST

This decision is based on your presentation of the facts, site plan and survey - please see the **conditions** and **comments** below. You may choose to review this concept further with the District Access Management Review Committee (AMRC).

Conditions:

- A minimum driveway length of 50 feet, as measured from the ultimate right-of-way line to the first conflict point shall be provided at Driveway 1. The emergency-only/ambulance median openings shall be property marked and signed to restrict its use to emergency only.
- A minimum driveway length of 100 feet, as measured from the ultimate right-of-way line to the first conflict point shall be provided at Driveway 2.
- Driveway 2 shall be modified to a right-in/right-out driveway and have a maximum of one inbound lane and one outbound lane.
- Right turn lanes are required at Driveway 1 and 2.

Comments:

- Drainage mitigation is required for any impacts within FDOT right-of-way (i.e. increased runoff or reduction of existing storage). A Storm Water Pollution Prevention Plan must be submitted with the application for more than one acre of "disturbed area" as defined by the Florida Department of Environmental Protection (FDEP).
- The applicant shall donate the right-of-way to the Department if right-of-way dedication is required to implement the improvements,
- All driveways not approved in this letter must be fully removed and the area restored.
- Dimensions between driveways are measured from the near edge of pavement to near edge of pavement and for median openings are measured from centerline to centerline unless otherwise indicated.

The purpose of this Pre-Application letter is to document the conceptual review of the approximate location of driveway(s) to the State Highway system and to note required improvements, if any. This letter shall be submitted with any further reviews and for permitting. The Department's personnel shall review permit plans for compliance with this letter as well as current Department standards and/or specifications. Final design must consider the existing roadway profile and any impacts to the existing drainage system. **Note, this letter does not guarantee permit approval.** The permit may be denied based on the review of the submitted engineering plans. Be aware that any approved median openings may be modified (or closed) in the future, at the sole discretion of the Department. For right-of-way dedication requirements go to: <https://gis.dot.state.fl.us/OneStopPermitting>; click on Statewide Permit News; Scroll down to District 4; Scroll down to Additional Information and Examples and choose Right-of-way Donations/Dedications. Narrative explaining proposed changes in detail including the desired result and justification for the request (attach additional sheet if necessary):

The current NVAL openings for Parcel B & C of Young World plat support a large shopping center, which is now in redevelopment for site plans that include a proposed hospital/medical center and NSU's Academical Village. Therefore, the openings will no longer be in the proper locations and/or configurations for the new development. The NVAL affected is located between the Campus Loop/Frontage Road and SW 36 St, and affects four openings along University Drive. This request has been approved by the Town of Davie, and we seek approval by the Board of County Commissioners.

**Please see the reverse side of this form for Required Documentation
and Owner/Agent Certification**

REQUIRED DOCUMENTATION: Submit one (1) original of each document and electronic copy of each item listed below. Each document listed below must also be submitted electronically as a separate pdf on a CD, flash drive, etc.

All requests listed on this application must include the following documents:

- ✓ • Letter from the applicable municipality, dated within six (6) months of this application, stating the city's position on this request.
- ✓ • Approved or recorded plat (a survey and site plan may be accepted for single family and duplex applications. Please consult with Planning & Redevelopment Division staff).
- ✓ • A check for the application fees (if applicable) made payable to: Broward County Board of County Commissioners. Please consult the Development Permit Application Fee Schedule.

For ROADWAY RELATED items (1 through 5) listed under INSTRUCTIONS on Page 1 of this form, the following additional documents are also required:

- ✓ • The proposed site plan (2 original) which shows, at a minimum, the on-site traffic circulation system, adjacent roadway details, and the location of all existing and proposed driveway(s). The site plan must provide relevant dimensions and must be drawn to scale.
- ✓ • Signed and sealed drawings (2 original) clearly illustrating the proposed change(s). The drawings must provide relevant dimensions and must be drawn to scale.
- ✓ • A valid Pre-Application approval letter from the Florida Department of Transportation is required for all roadway and/or access related applications which abut a Trafficway that is functionally classified as a State Road. This requirement includes the creation or amendment of vehicular access and/or any improvements requiring permits from the State.

For NON-ROADWAY RELATED items (6 through 12) listed under INSTRUCTIONS on Page 1 of this form, please consult with Planning & Redevelopment Division (PRD) staff for a determination of any additional required documentation.

**RE: ACADEMICAL VILLAGE – NVAL AMENDMENT
 CHANGE REQUIREMENTS OF BC LDC
 NARRATIVE LETTER
 CTA PROJECT NO. 13-0036-175-05**

Dear Ms. Sesodia:

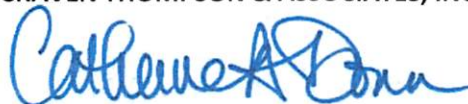

Hospital Corporation of America (HCA), and University Associates, LTD are planning to construct an Academical Village on the east side of University Drive, between the Campus Loop/Frontage Road and SW 36th Street. This will affect platted access openings on Parcels B and C, shown in the Young World Plat, PB 124-43, BCR, and as per the NVAL Amendment Agreement, OR 25174-128, BCR, for Parcel C only.

The current NVAL openings for Parcel B & C of Young World plat support a large, horseshoe-shaped shopping center, which is now in redevelopment for future plans that include a proposed hospital/medical center and NSU's Academical Village. Therefore, the existing openings will no longer be in the proper locations and/or configurations that will be necessary for the new development. The NVAL openings affected are located between the Campus Loop/Frontage Road and SW 36 St, and affects four openings along University Drive. This request has been approved by the Town of Davie, and we seek approval by the Board of County Commissioners.

To facilitate the construction of the Academical Village, we are applying for approval of a Delegation Request to Change the Requirements of the Broward County Land Development Code for the Non-Vehicular Access Line. In addition to HCA (HCA Health Services of Florida, Inc.) and University Associates, LTD, Nova Southeastern University, Inc. also is an owner of the land where the openings are being modified.

Sincerely,
