

January 25, 2019

Mr. Kelvin Watson
Director, Broward County Libraries Division
100 S. Andrews Ave.
Fort Lauderdale, Fl. 33301

Dear Mr. Watson:

The Broward Public Library Foundation Board of Directors is pleased to provide \$12,750 to purchase new technology for the Literacy Help Center project at the African-American Research Library and Cultural Center, the Tamarac Branch Library and the Jan Moran Collier City Library. These funds were donated by the Sun-Sentinel Children's Fund.

We know the community will benefit from the increased number of laptop computers available at each of these locations, whether customers are receiving drop-in homework help, learning in computer skills classes or workforce development workshops.

Sincerely,

Dorothy Klein
Executive Director
