To Whom It May Concern,

Upon being funded, Volunteers of America of Florida is pleased to collaborate with the Broward County Housing Authority SHIELD project. Our Broward Achieving Recovery program will make available a variety of Behavioral Health Shelter Plus Care Supportive Services valued at \$168,586 per year.

Our initial term is February 20, 2019 to September 30, 2019. This will be followed by two Option Periods from October 1, 2019 to September 30, 2020 and October 1, 2020 to September 30, 2021.

Our partnership will help to ensure that 30 adults who are homeless in Broward County obtain housing and support services each year. These adults will have a mental illness and may also have a co-occurring substance abuse disorder. We will also serve families in which the head of the household has a disabling condition
