Connected Citizens Program Membership Application

Please fill out this form to apply to Waze's Connected Citizens data exchange program.

Last step: Agree to the Waze Traffic Data API Additional Terms

BECOMING A PARTICIPATING MEMBER OF THE CCP (A "CCP PARTNER"):

In order to send and receive traffic data, each partner must execute The Waze Traffic Data API Additional Terms (the "Waze Traffic Data API Additional Terms"), which will govern the traffic data licenses CCP Partners grant to and receive from Google.

A partner will officially become a CCP Partner on fulfillment of the following two conditions: (i) Google notifies the partner that its application for membership was accepted, and (ii) the partner executes the Waze Traffic Data API Additional Terms (the CCP Membership Terms and the Waze Traffic Data API Additional Terms are collectively referred to as the "Agreement").

Immediately after becoming a CCP Partner, the CCP Partner will work with Google to define the geographic parameters of the areas where the CCP Partner collects traffic data, and Google will determine the corresponding bounding box coordinates for such areas (the "Territory"). Subject to the Waze Traffic Data API Additional Terms, Google will then begin to provide CCP Partner with a live feed of the traffic data collected in the Territory by its traffic and navigation service known as Waze ("Waze"), and CCP Partner will provide Google with a live feed of the CCP Partner's traffic data.

PARTNERSHIP QUALIFICATIONS:

While qualifications may vary among partners, Google is primarily seeking government agencies or private road operators with real-time traffic-related data that is not already available to Google. Additional qualifications Google may consider when evaluating a partner's qualifications may include geographical diversity, technical capability and eagerness to innovate.

CCP MEMBERSHIP ELIGIBILITY CRITERIA:

Exhibit 1
Page 2 of 2

In order to become become a member of the CCP, a partner must meet all of the following requirements:

- (a) partner is a government agency or a private road operator (although Google may make an exception to this requirement at its sole discretion in rare circumstances);
- (b) partner has completed the CCP membership application and executed the Waze Traffic Data API Additional Terms; and
- (c) partner possesses real-time traffic-related data, and has all of the rights needed to provide the data to Google in compliance with the Waze Traffic Data API Additional Terms.

A partner should not submit an application for membership in the CCP if it does not meet the above requirements.

WITHDRAWAL OF CCP PARTNERSHIP:

Google reserves the right on notice (including by email) to withdraw a CCP Partner's membership status if: (a) the Agreement terminates; or (b) CCP Partner stops fulfilling the CCP Membership Eligibility Criteria; or (c) CCP Partner breaches the Agreement. If a CCP Partner's membership status is withdrawn, Google may terminate the Agreement with immediate effect, unless Google in its sole discretion decides to extend a 30 day grace period before termination.
