STAFF COMMENTS

- 1) Staff findings and recommendations pertaining to this plat are based on the use being 22,000 square feet of commercial and 5,000 square feet of bank use. This property is being platted, because it does not qualify for an exception to the mandatory platting rule, as the plat boundaries are not specifically delineated on a recorded plat.
- 2) Trafficways approval is valid for 10 months. Approval was received on April 25, 2019.
- 3) This plat is located within a Transportation Concurrency Management Area. In accordance with Land Development Code, transportation concurrency fees will be assessed and paid in accordance with the fee schedule specified in the ordinance during the review of construction plans submitted for County environmental review approval. These fees shall be based on the gross square footage of any building(s) as defined in the ordinance, including canopies and overhangs for drive-thru facilities and for outdoor restaurant seating. In addition, in cases where a building floor may have both commercial and office uses, the entire floor will be assessed as commercial use.
- 4) This plat is not located in a Wellfield Zone of influence as described in the Broward County Wellfield Protection Ordinance 84-60, as amended, and as incorporated into Broward County Code of Ordinances, Chapter 27, Article XIII.
- 5) This plat is located in the City of Hollywood and is under the jurisdiction of the Water and Environmental Licensing Section of the Broward County Environmental Engineering and Permitting Division. Surface water management plans for this plat must meet the criteria contained in Chapter 27 - Article V of the Broward County Code of Ordinances. A surface water management licensing requirements of the Water and Environmental Licensing Section of the Broward County Environmental Engineering and Permitting Division must be met prior to any construction. Any discharges to ground or surface waters, excluding stormwater, will require review and approval by the Water and Environmental Licensing Section of the Environmental Engineering and Permitting Division prior to discharge.
- 6) The Water and Environmental Licensing Section of the Broward County Environmental Engineering and Permitting Division has advised that a Wastewater Collection/Transmission System License will be required prior to constructing, expanding or altering either a gravity sanitary sewer, a sanitary force main or a pump station, per Chapter 27, Article V of the Broward County Code of Ordinances regarding Water Resource Management. Wastewater receiving lift stations and force mains are critical components of the conveyance system. As part of the licensing process, adequate capacity will need to be demonstrated for the receiving off-site sanitary sewer conveyance system. For additional information, contact the Water and Environmental Licensing Section at 954-519-1483.

Continued

- 7) Review of available information by staff of the Water and Environmental Licensing Section of the Broward County Environmental Engineering and Permitting Division indicates that, at this time, there are no wetlands within the boundaries of the plat. Therefore, a Conceptual Dredge and Fill Review Report is not required. Based upon the present conditions within the site, filling of the land area will not require an Environmental Resource License. Other activities, e.g., lake or canal excavation, regulated under Article XI of the Natural Resource Protection Code may require a license. The applicant is encouraged to contact the Water and Environmental Licensing Section at 954-519-1483 at the earliest time to determine if, and what type of, license may be required prior to undertaking surface disturbing activities.
- 8) The Water and Environmental Licensing Section encourages that all invasive exotic vegetation including Melaleuca, Brazilian-pepper, Australian pine and others as listed in the Exotic Pest Plant Council's List of Florida's Most Invasive Species be removed during the development process, and advises that a management plan may be necessary to control re-invasion of same. In addition, landscape materials should not include any plants considered to be invasive of South Florida's native plant communities. The Exotic Pest Plant Council's List of Florida's Most Invasive Species is available from the Water and Environmental Licensing Section of the Environmental Engineering and Permitting Division.
- 9) Review of aerial photographs indicates that the subject site contains tree canopy. Development of the site must comply with the Tree Preservation regulations of the City of Hollywood of trees are to be removed or relocated. The applicant is encouraged to minimize the number of trees to be removed by incorporating existing trees in the site plan. If trees cannot be incorporated into the site plan in their current location, the applicant is encouraged to relocate trees, especially those of specimen size and quality.
- 10) This site is not included in the Protected Natural Lands Inventory and is not adjacent to a site in the inventory. The Protected Natural Lands Inventory is a comprehensive database of public and private native vegetative communities that have been protected through acquisition or regulatory mechanisms and are managed for conservation purposes. The inventory, which provides information regarding the ownership and management of each of the Protected Natural Lands, may be accessed at the following website:  
<http://bcgis.maps.arcgis.com/apps/OnePane/basicviewer/index.html?appid=85f453365417459f8ba45fa6e5dddb9c>
- 11) An Environmental Resource License may be required for any activities regulated under Article XI of the Natural Resource Protection Code. Contact the Water and Environmental Licensing Section of the Environmental Engineering and Permitting Division at 954-519-1483 for specific license requirements.
- 12) The subject plat is in the vicinity of known contaminated sites and the following should be noted: For any site that overlies or contains potential or actual sources of pollution to ground or groundwater, the Environmental Engineering and Permitting Division's approval of an application for a building permit or approval to construct or alter shall not be granted until the Environmental Assessment and Remediation Section of the Environmental Engineering and Permitting Division is satisfied that

the construction or alteration will not interfere with the cleanup of the contaminants on site [Section 27-66(h) Broward County Code of Ordinances]. It should also be noted that the Environmental Assessment and Remediation must approve any dewatering activities at this site.

- 13) Plat approval does not infer any approval to connect to any wastewater collection, treatment, or disposal system. Nor does it infer that sufficient capacity will exist at time of building permit approval. Approval to connect to such systems is approved by the Environmental Engineering and Permitting Division as a prerequisite to, and just prior to, approval of building permits by the appropriate building department for any structures that are to be built on the platted site. These comments do not indicate waiver of approval of any other permit that may be required for other aspects of the project.
- 14) This property is within 20,000 feet of the North Perry Airport. Any proposed construction on this property or use of cranes or other high-lift equipment must be reviewed to determine if Federal Aviation Regulation Part 77, Florida Statutes, Chapter 333 and/or the Broward County Airport Zoning Ordinance apply. Based on the location of the proposed project, the FAA may need to review to determine whether the project is a potential hazard to aviation. To initiate the Federal Aviation Review, access the FAA Web Page at: <http://oeaaa.faa.gov/oeaaa/external/portal.jsp>. For additional information, contact the Broward County Aviation Department at 954-359-6170.
- 15) Review of available information including archival documents, maps, the Broward County Land Use Plan, and the Florida Master Site File by the County's consulting archaeologist indicates that the proposed development may have an adverse effect on previously recorded resource(s).
  - The project site is adjacent to previously recorded FMSF Resource 8BD4043, Hollywood Beach Gardens Historic Districts. No determination has been made regarding the eligibility of the resources for inclusion in the National Register of Historic Places or local municipal designation.

The archaeologist notes that this property is located in the City of Hollywood and outside the jurisdiction of Broward County Historic Preservation Ordinance 2014-32. The property owner/agent is advised to contact the City of Hollywood's Planning Department at 954-921-3472 to seek project review for compliance with the municipal historic preservation regulations. In the event any unmarked human burial remains are discovered, pursuant to Florida Statute Chapter 872.05, all activity that may disturb the unmarked burial shall cease immediately, and the district medical examiner shall be notified. Such activity shall not resume unless specifically authorized by the district medical examiner or State Archaeologist. The Broward County medical examiner can be notified at either 954-357-5200 or [medexam.trauma@broward.org](mailto:medexam.trauma@broward.org)

- 16) This plat is served by BC Transit Routes 7 and 107 on Hollywood Boulevard (SR 820) and an existing bus stop with ID # 344.

- 17) Openings or improvements on functionally classified State Roads are subject to the "Rules of the Department of Transportation Chapter 14-97 State Highway System Access Management Classification System and Standards." In accordance with Section 5-189(b)(5) of the Land Development Code, the applicant has submitted the attached pre-application approval letter from the Florida Department of Transportation.
- 18) The attached memorandum from the Highway Construction and Engineering Division, Traffic Engineering Division and Transit Division indicates that they have reviewed the plat application and have determined that the comments and recommendations are required with respect to the safe and adequate access standards of the Broward County Land Development Code. The recommendations for this plat may be modified if significant conflicts are identified by details included in the submitted construction plans.
- 19) The attached comments regarding this plat's compliance with the effective Land Use Plan have been received from the Broward County Planning Council.
- 20) The applicant is advised that, in accordance with Section 125.022, Florida Statutes, the issuance of a development permit by the County does not in any way create any rights on the part of the applicant to obtain a permit from a state or federal agency and does not create any liability on the part of the County for issuance of the permit if the applicant fails to obtain requisite approvals or fulfill the obligations imposed by a state or federal agency or undertakes actions that result in a violation of state or federal law.
- 21) Specific questions regarding any of the above comments may be directed to each review agency contact person. A complete list of agency contact information can be accessed on the Planning and Development Management Division's web page at:  
[www.broward.org/Planning/FormsPublications/Documents/ReviewAgencies.pdf](http://www.broward.org/Planning/FormsPublications/Documents/ReviewAgencies.pdf)

## FINDINGS

### CONCURRENCY REVIEW

- 1) This plat is located within the Southeast Transportation Concurrency Management Area. This district meets the regional transportation concurrency standards specified in Section 5-182(a)(5)a) of the Land Development Code.
- 2) This plat satisfies the solid waste disposal concurrency requirement of Section 5-182(h) of the Broward County Land Development Code.

### GENERAL RECOMMENDATIONS

- 1) Applicant must pay transportation concurrency fees during the review of construction plans submitted for County environmental review approval by the Development and Environmental Review Section of the Planning and Development Management Division, in accordance with the fee schedule specified in the Land Development Code.

- 2) Place a note on the face of the plat, preceding the designated municipal official's signature, reading:

No building permits shall be issued for the construction, expansion, and/or conversion of a building within this plat until such time as the developer provides this municipality with written confirmation from Broward County that all applicable concurrency/impact fees have been paid or are not due.

- 3) Place a note on the face of the plat reading:

A) If a building permit for a principal building (excluding dry models, sales and construction offices) and first inspection approval are not issued by **June 04, 2024**, then the County's finding of adequacy shall expire and no additional building permits shall be issued until such time as Broward County shall make a subsequent finding that the application satisfies the adequacy requirements set forth within the Broward County Land Development Code. The owner of the property or the agent of the owner shall be responsible for providing evidence to Broward County from the appropriate governmental entity, documenting compliance with this requirement within the above referenced time frame; and/or

B) If construction of project water lines, sewer lines, drainage, and the rock base for internal roads have not been substantially completed by **June 04, 2024**, then the County's finding of adequacy shall expire and no additional building permits shall be issued until such time as Broward County shall make a subsequent finding that the application satisfies the adequacy requirements set forth within the Broward County Land Development Code. The owner of the property or the agent of the owner shall be responsible for providing evidence to Broward County from the appropriate governmental entity, documenting compliance with this requirement within the above referenced time frame.

C) This plat is restricted to 22,000 square feet of commercial and 5,000 square feet of bank use.

This note is required by Chapter 5, Article IX, Broward County Code of Ordinances, and may be amended by approval of the Broward County Board of County Commissioners. The notation and any amendments thereto are solely indicating the approved development level for property located within the plat and do not operate as a restriction in favor of any property owner including an owner or owners of property within this plat who took title to the property with reference to this plat.

D) Any structure within this plat must comply with Section 2B.1.f., Development Review Requirements, of the Broward County Land Use Plan, regarding hazards to air navigation.

- 4) If this item is approved, authorize the Mayor to sign an order approving this agenda item subject to staff findings, comments, and recommendations.

Dear Elizabeth Tsouroukdissian:

RE: **March 15, 2019** - Pre-application Meeting for **Category D Driveway**, Date of Pre-Application Meeting: **February 8, 2018**  
Broward County - City of Not within City Limits, Urban; SR 7&820; Sec. # 86100&86040; MP: 2.500&14.100  
Access Class - 06; Posted Speed - 40&35 mph; SIS - N; Ref. Project: FM 429576.2, FM 227774.1 & FM 431770.1

**Request:**

- Driveway 1: Right-in only driveway on SR 7 located approximately 260 feet south of SR 820/Hollywood Boulevard.
- Driveway 2: Using existing Joint-Access right-in/right-out driveway on SR 820/Hollywood Boulevard located approximately 410 feet east of SR 7.

SITE SPECIFIC INFORMATION	
Project Name & Address:	Eli's Shopping Center - 101 S. State Road 7, FL 33023
Applicant/Property Owner:	Chai Development
Parcel Size(Total):	5.33 Acres Development Size: 195,000 SF Freestanding Commercial
Plat Size (within Overall Parcel):	3.07 Acres Development Size: 22,000 SF of Commercial & 5,000 SF Drive-In Bank

**WE APPROVE YOUR REQUEST**

This decision is based on your presentation of the facts, site plan and survey - please see the **conditions** and **comments** below. You may choose to review this concept further with the District Access Management Review Committee (AMRC).

**Conditions:**

- A minimum driveway length of 25 feet, as measured from the ultimate right-of-way line to the first conflict point shall be provided.
- A right turn lane/bus bay combo is required at Joint Access Driveway 2 and must meet FDOT design standards and include space for bicycle lane. Coordination with Broward County Transit (BCT) is required at the time of Permit.

**Comments**

- Drainage mitigation is required for any impacts within FDOT right-of-way (i.e. increased runoff or reduction of existing storage). A Storm Water Pollution Prevention Plan must be submitted with the application for more than one acre of "disturbed area" as defined by the Florida Department of Environmental Protection (FDEP).
- The applicant shall donate the right-of-way to the Department if right-of-way dedication is required to implement the improvements,
- All driveways not approved in this letter must be fully removed and the area restored.
- Dimensions between driveways are measured from the near edge of pavement to near edge of pavement and for median openings are measured from centerline to centerline unless otherwise indicated.

The purpose of this Pre-Application letter is to document the conceptual review of the approximate location of driveway(s) to the State Highway system and to note required improvements, if any. This letter shall be submitted with any further reviews and for permitting. The Department's personnel shall review permit plans for compliance with this letter as well as current Department standards and/or specifications. Final design must consider the existing roadway profile and any impacts to the existing drainage system. **Note, this letter does not guarantee permit approval.** The permit may be denied based on the review of the submitted engineering plans. Be aware that any approved median openings may be modified (or closed) in the future, at the sole discretion of the Department. For right-of-way dedication requirements go to: <https://gis.dot.state.fl.us/OneStopPermitting>; click on Statewide Permit News; Scroll down to District 4; Scroll down to Additional Information and Examples and choose Right-of-way Donations/Dedications.

SUBJECT: Letter to Proceed  
Eli's Hollywood Center plat (053-MP-18)

The Highway Construction and Engineering Division and the Transportation Department, Transit Division have reviewed the letter to proceed request from the applicant and offers the following modifications to the Development Review Report for the subject plat. Pursuant to the request by the applicant, staff reviewed the information contained in the request, the application, the property survey, the site plan (or conceptual access plan), the recorded plat, and the Development Review Report approved by the County Commission. Our review also included changes to the adjacent roadways and changes on the adjoining properties.

As a result of our review, staff has determined that the DRR may be amended address the applicant's specific request and that new or amended plat requirements are necessary to ensure safe and adequate access between the adjoining Trafficway(s) and plat to comply with the adequacy standards of the Broward County Land Development Code. Staff recommends APPROVAL of the proposed request subject to the following:

## STAFF COMMENT

### RATIONAL NEXUS REVIEW

- 1 This plat has been evaluated by staff for the relationship between the impact of the proposed development and the right-of-way dedications required by the Broward County Land Development Code. Staff has made a finding that the proposed development meets the threshold for rational nexus and this report includes right-of-way dedication requirements.

## STAFF RECOMMENDATIONS

### NON-VEHICULAR ACCESS LINE REQUIREMENTS

It is the express intent of this non-vehicular access line to eliminate all proposed openings and existing driveways not specifically delineated in the following comments:

- 2 Along the ultimate right-of-way for State Road 7 except at 30-foot opening with centerline located approximately 18 feet north of the south plat limit. Said non-access line will include corner chord at the intersection of Hollywood Boulevard (SR 820).

This opening is restricted to and physically channelized for right turns IN only.

- 3 Along the ultimate right-of-way for Hollywood Boulevard (SR 820) except at 20-foot shared opening located at the east plat limit.

This opening is half of a proposed 40-foot opening; the remainder of 40-foot opening and the ingress/egress easement will be on the property adjacent to the east plat limits.

This opening is restricted to right turns only.

### RIGHT-OF-WAY REQUIREMENTS (Dedicate)

- 4 Twelve feet of right-of-way for an eastbound combination bus bay and right turn lane on Hollywood Boulevard (SR 820) with 60 feet of transition and 235 feet of storage through the 40-foot opening.
- 5 The right-of-way to be dedication is located along a roadway functionally classified as a State of Florida right-of-way. The area to be dedicated shall be noted on the plat as a distinct parcel and specific dedication language shall be provided on the dedication page of the plat. Please contact the State or the County for the specific conveyance text.

### SIDEWALK REQUIREMENTS FOR BUS LANDING PAD (Dedicate)

- 6 A 2-foot-wide x 60-foot-long paved bus landing pad (8-foot total expanded sidewalk) on Hollywood Boulevard (SR 820) commencing at the start of the combination bus bay/ right turn lane storage portion and continuing east for 60 feet.

#### BUS SHELTER EASEMENT (Dedicate)

- 7 A 6-foot-wide x 20-foot-long bus shelter easement on Hollywood Boulevard (SR 820) commencing 30 feet east of the start of the combination bus bay/ right turn lane storage portion and continuing east for 20 feet.

#### ACCESS REQUIREMENTS

- 8 The minimum distance from the non-vehicular access line of State Road 7, at any ingress or egress driveway, to the outer edge of any interior service drive or parking space with direct access to such driveway shall be 25 feet.
- 9 The minimum distance from the non-vehicular access line of Hollywood Boulevard (SR 820), at any driveway in the shared 40-foot opening, to the outer edge of any interior service drive or parking space with direct access to such driveway shall be 50 feet.
- 10 A channelized driveway shall consist of one lane with a pavement width of 15 feet, with minimum entrance radii of 50 feet.
- 11 For the two-way driveway that will be centered in the shared 40-foot opening: the minimum pavement width shall be 24 feet, the minimum entrance radii shall be 30 feet.

#### TRAFFICWAYS IMPROVEMENTS (Secure and Construct)

- 12 The physical channelization of the driveway in the 30-foot opening on State Road 7 as specified under the non-vehicular access line requirements.
- 13 The removal of all existing driveways in locations not consistent with approved openings in the non-vehicular access line and the construction of curb, gutter, and sidewalk in these openings when necessary to complete the required improvement.

#### TURN LANE IMPROVEMENTS (Secure and Construct)

- 14 An eastbound combination bus bay/right turn lane on Hollywood Boulevard (SR 820) with 60 feet of transition and 235 feet of storage through the 40-foot opening. Design is subject to review by the Service and Capital Planning of the Transit Division, the Paving and Drainage Section of the Highway Construction and Engineering Division and the Permits Section of the Florida Department of Transportation.

#### SIDEWALK FOR BUS LANDING PAD (Secure and Construct)

- 15 An 8-foot-wide x 60-foot-long expanded sidewalk for the bus landing pad (design must extend to the face of curb and gutter) on Hollywood Boulevard (SR 820) commencing at the start of the combination bus bay/ right turn lane storage portion and continuing east for 60 feet. Design is subject to review by the Service and Capital Planning of the Transit Division, the Paving and Drainage Section of the Highway Construction and Engineering Division and the Permits Section of the Florida Department of Transportation.

BUS SHELTER RELOCATION (Secure and Relocate)

- 16 Relocate the existing pre-fabricated bus shelter to the dedicated bus shelter easement. Coordinate the relocation of pre-fabricated bus shelter with Service and Capital Planning section of the Transit Division.

SIDEWALK REQUIREMENTS (Secure and Construct)

- 17 Along State Road 7 adjacent to this plat.  
18 Along Hollywood Boulevard (SR 820) adjacent to this plat.

COMMUNICATION CONDUIT/INTERCONNECT (Secure and Construct)

- 19 The developer shall be responsible for replacement of communication conduit/interconnect that is damaged by construction of the required improvements. The security amount for communication conduit/interconnect along State Road 7 or Hollywood Boulevard (SR 820) shall be determined by the Traffic Engineering Division.

COMMUNICATION SIGNAL (Secure and Construct)

- 20 The developer shall be responsible for replacement of any signalization that is damaged by construction of the required improvements. The security amount for communication conduit/interconnect along State Road 7 or Hollywood Boulevard (SR 820) shall be determined by the Traffic Engineering Division.

PAVEMENT MARKINGS AND SIGNS (Secure and Construct)

- 21 Construction of the required improvements shall include installation of signs and thermoplastic pavement markings. Pavement markings and signs shall be designed, fabricated, and installed in accordance with Traffic Engineering Division standards. The security amount for pavement markings and signs will be based on the approved construction plans or the approved engineer's cost estimate as outlined below. Design and installation of the required markers and/or signs are subject to approval by Florida Department of Transportation for projects located on a FDOT jurisdictional roadway.

IMPROVEMENT AGREEMENT AND SECURITY REQUIREMENTS

- 22 Section 5-184(d)(2) of the Broward County Land Development Code requires a recordable agreement for the required improvements. The owner of this plat shall enter into the standard Installation of Required Improvements Agreement (CAF#450) and submit it to the Highway Construction and Engineering Division for review and approval prior to plat recordation. The completion date for all required improvements listed as Exhibit "B" shall indicate completion prior to issuance of Certificates of Occupancy. Alternate phasing schedules must receive prior approval from the Highway Construction & Engineering Division. The use of a non-standard agreement will require independent approval by the County Commission.

The Installation of Required Improvements Agreement shall be secured by letter of credit, cash, lien, or other security acceptable to the County. Security instruments for all required improvements shall be submitted prior to NVAL Amendment Agreement recordation and/or commencement of construction. Security amounts shall be based upon the one of the following:

- a. Approved construction plans. When security is based on approved construction plans, the security will be calculated at one hundred (100%) percent of the cost of the improvements. Requirements for submitting construction plans are outlined below.
- b. Engineer's cost estimate. When security is based on an engineer's cost estimate, the security will be calculated at one hundred twenty-five (125%) percent of the cost of the improvements. Engineer's cost estimate(s) must be submitted for review by the Highway Construction and Engineering Division. Use of approved cost estimate forms is required. Payment of the applicable review fee is required pursuant to Chapter 38.8 of the Broward County Administrative Code.
- c. All forms are available on the Highway Construction & Engineering Division's web page at:  
<http://www.broward.org/Publicworks/BCEngineering/Pages/Default.aspx>

#### IMPROVEMENT PLAN SUBMITTAL (Pre-construction and Security Release Requirements)

- 23 Construction plans for the required improvements (including pavement marking and signing plans) shall be submitted to Highway Construction and Engineering Division for review for conformance to Plat recommendations, and must be approved prior to the commencement of construction. Construction shall be subject to inspection and approval by the County.
- 24 Communication Conduit/Interconnect plans (3 sets and a cost estimate) shall be submitted to the Traffic Engineering Division. Any easements necessary for relocation and maintenance of the conduit must be provided and shown on the submitted plans. No security shall be released without field inspection and final approval of all materials, installations and locations by the Traffic Engineering Division.

#### GENERAL RECOMMENDATIONS

- 25 Distance and measurement recommendations contained in this report were based on the best information available at the time of review. County staff may approve minor adjustments based on verified field conditions or details provided in approved construction plans.
- 26 All construction must include all necessary transitions to existing pavement, the lengths of which shall be determined by the design speed of the roadway. All designs, construction, studies, etc., shall conform to the applicable sections of the following:
  - a. United States Department of Transportation: "Manual on Uniform Traffic Control Devices" (MUTCD).
    - 1) State of Florida Department of Transportation:
    - 2) "Roadway and Traffic Design Standards."

- 3) "Standard Specifications."
- 4) "FDOT Transit Facilities Guidelines."
- b. Broward County: "Minimum Construction Standards for Roadways Under Broward County Jurisdiction" (Exhibit 25A of Section 25.1, Broward County Administrative Code).

In addition, all designs for construction shall be certified by a Professional Engineer, registered in the State of Florida, that they meet the standards included above.

All standard forms are available for downloading from the Highway Construction and Engineering Division's website:  
<http://www.broward.org/Publicworks/BCEngineering/Pages/Default.aspx>.

- 27 This plat will not be recorded until all real estate taxes (including taxes for the current year and any delinquent taxes) for the property being platted have been paid as required by Florida Statutes Chapter 197.192. The applicant shall request a current tax letter be forwarded from the Revenue Collection Division to HCED Plat Section.

#### F.S. 177 PLAT REVIEW COMMENTS

The following comments note the corrections necessary for the plat mylar to comply with the requirements of Florida Statutes Chapter 177. If additional clarification is necessary, please contact Jason Espinosa at (954) 577-4593 or via email at [JESPINOSA@BROWARD.ORG](mailto:JESPINOSA@BROWARD.ORG).

Please note that additional changes made to the plat mylar beyond this list of corrections may necessitate additional review time; delay recordation; and result in additional review fees.

All resubmittals shall include a paper copy of the plat with changes from the original plat review application highlighted.

#### 28 SURVEY DATA

RE: Eli's Hollywood Center (053-MP-18)  
City of Hollywood

DATE: December 19, 2018

The Future Land Use Element of the City of Hollywood Comprehensive Plan is the effective land use plan for the City of Hollywood. That plan designates the area covered by this plat for the uses permitted in the "Transit Oriented Corridor" land use category. This plat is generally located on the southeast corner of State Road 7 and Hollywood Boulevard.

Regarding the proposed commercial and bank uses, Planning Council staff notes the subject Transit Oriented Corridor permits a maximum of 15,000,000 square feet of "Commercial" uses. To date, including this proposed development, 3,865,531 square feet of "Commercial" use has been proposed by plat or granted development permits. Therefore, the proposed 22,000 square feet of commercial use and 5,000 square feet of bank use is in compliance with the permitted uses of the effective land use plan.

The effective land use plan shows the following land uses surrounding the plat:

North: Transit Oriented Corridor  
South: Transit Oriented Corridor  
East: Transit Oriented Corridor  
West: Transit Oriented Corridor

The contents of this memorandum are not a judgment as to whether this development proposal complies with the Broward County Trafficways Plan, local zoning, other land development regulations or the development review requirements of the Broward County Land Use Plan including its concurrency requirements.

**Project Characteristics**

**INSTRUCTIONS**

The information on this form will be used to determine the project's overall impact on urban service delivery facilities and programs. The "Existing Land Use" and "Proposed Use" sections will be used to calculate impact fees and Traffic Concurrence. A note will be placed on the plat restricting the property in accordance with the proposed use(s) specified below.

**LANDUSE AND ZONING**

<b>EXISTING</b> Land use plan TOC - Transit Oriented Corridor Designation(s) _____  Zoning District(s) <u>SR7 CCD CC (Commercial</u> <u>Corridor District - Commercial Core Sub-Area)</u>	<b>PROPOSED</b> Land use plan SAME Designation(s) _____  Zoning District(s) <u>SAME</u>
--	---

**EXISTING LAND USE- ARE THERE ANY EXISTING STRUCTURES ON THE SITE?**  Yes  No

A credit against impact fees may be given for the site's current or previous use. No credit will be granted for any demolition occurring more than 18 months (60 months for mobile homes) of Environmental Review of construction plans. To receive a credit, complete the following table. Note: If buildings have been demolished, which are not shown on the survey required with this application, attach an additional "as built" survey dated within 18 months of this application. Other evidence may be accepted if it clearly documents the use, gross square footage and/or number and type of dwelling units, and date of demolition.

Land Use	Gross Building sq. ft.* or Dwelling Units	Date Last Occupied	EXISTING STRUCTURE(S)		
			Remain the Same?	Change Use?	Has been or will be Demolished?

\*Gross non-residential square footage includes permanent canopies and overhangs for gas stations, drive-thru facilities, and overhangs designed for outdoor tables at a restaurant. A building is defined by the definition in the Land Development Code.

**PROPOSED USE**

Please specify the proposed use in accordance with the land use categories listed on the reverse side of this form. Please Note: Residential uses must be expressed based upon DWELLING UNIT TYPES listed on the reverse side of this form. COMMERCIAL, OFFICE, and CHURCH USES must be expressed in terms of gross building square footage. If there are any unique factors which may affect traffic generation, attach a separate sheet and describe fully.
